LONDON CLAIMS HITLER INVASION OF RUSSIA SLOWING DOWN

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Jap Occupation of French Indo-China Believed Imminent

STRONG RESISTANCE ACKNOWLEDGED BY NAZI HIGH COMMAND

By the Associated Press

London, July 24—(AP)—All Moscow radio stations went off the air tonight at 7:20 p. m. (12:20 p. m. EST) and the usual news report was not broadcast.

Adolf Hitler's invasion of Russia is slowing down, if it has not entirely halted, authoritative London quarters said today, while at Russia's back door there were unconfirmed reports that Japanese and Soviet troops had clashed on the Manchoukuo-Siberia frontier.

In the Far East, Japanese warships were reported off Cape St. Jacques and Camranh Bay, southern French Indo-China, after the French were said officially to have yielded to Tokyo demands for air and naval bases in the French colony.

Meanwhile, as Premier Mussolini's high command claimed a smashing attack on a British convoy in the central Mediterranean, with four ships sunk and seven others damaged, the authoritative Fascist editor, Virginio Gayda, asserted there was a "suspicion more than well-founded" that United States submarines were operating with the British fleet in the Mediterranean.

On the Russo-German war front, violent fighting continued, without a decisive turn in the conflict.

DNB, the official German news agency, asserted that a large Russian force encircled at Nevel, north of Vitebsk on the central front, had been smashed by Nazi troops "with extraordinarily heavy losses."

The agency said 13,000 Soviet prisoners were captured.

Hitler's high command, once more acknowledging "strong local resistance" by Soviet troops, declared:

"The operations of the German armed forces and of their allies are taking their planned course on the entire eastern front, in spite of difficult roads."

German bombers attacked Moscow for the third successive night, the Nazi war bulletin said, pounding "vital military objectives."

The Russians said that the raiders, 150 strong, inflicted some casualties in another five and one-half hour assault, but that no military objectives were hit.

Few details were immediately available on the reported clash between Japanese and Russian troops in the east.

Dispatches from Shanghai said the fighting was reported to have started last evening in the vicinity of Changkufeng, the scene of a Russo-Japanese "vestpocket war" in the summer of 1938.

There was no immediate confirmation of the reports, which were said to have come from sources close to the Japanese military, and Japanese army press headquarters in Shanghai said they had "heard nothing" of such fighting.

Far East dispatches in recent days have indicated that Japan probably would attack Russia from the east, along the Siberian frontier, if and when Russia's Red armies in the west collapsed under Nazi invasion blows.

London advices picturing the German onslaught as having lost its momentum, declared there had been no re-grouping of Nazi armies for a third assault in the 33-day-old conflict—such as might explain the present slowdown.

The Soviet High Command reported that bitter fighting raged throughout the night in the three main theaters of action; on the Porkhov (Leningrad) front, the Polotsk-Nevel and Smolensk (Moscow) front, and the Zhitomir (Ukraine) front.

Nor did the Gerans claim any specific gains, declaring broadly that Nazi troops were battling fiercely in the Smolensk sector, 230 miles west of Moscow, and in another fierce struggle 100 miles to the rear—apparently the Polotsk-Nevel sector—where masses of Russian infantry were said to have been split by the Nazi panzer drive up the Napoleonic road to Moscow.

On the southern front, where the Germans are striking toward Kiev, the capital of the Soviet Ukraine, Nazi dispatches said heavy rainstorms had turned the highways into gluey mud, impeding the movement of trucks, heavy artillery and other essential equipment.

Meanwhile, the London radio reported that 5,000 Serbs had risen up against the German conquest in Yugoslavia, attacking Nazi garrisons and outposts. In one foray, 220 Serbs were said to have swooped down from mountain hiding places, attacked a garrison and returned to the hills with prisoners.

In the Far East crisis, Japan appeared to have won her reported demands for key naval and air bases in southern French Indo-China, stirring fears of a possible Japanese thrust southward toward Britain's great naval base at Singapore and the rich Dutch East Indies treasure-house of rubber, tin and oil.

WAR BRIEFS

New York, July 24—(AP)—A British broadcast reported today that 5,000 Serbs had risen up against the German invaders of Yugoslavia, attacking Nazi outposts and strongholds. The broadcast, heard here by NBC, also quoted a dispatch from Ankara as saying that 200 Serbs had swooped down from mountain hiding places north of the village of Mish, attacked a German garrison, and retired into the hills with prisoners.

London, July 24—(AP)—Granted "reasonable weather" until the middle of September, it was asserted authoritatively today, British farmers will produce "a greater output of food than in any previous year of this century."

Dublin, July 24—(AP)—Bombs were dropped on Dundalk harbor from an unidentified airplane during the night.

Ankara, Turkey, July 23—(Delayed)—(AP)—An Italian military plane flying over the Turkish frontier in Thrace despite warning shots was reported hit by Turkish anti-aircraft guns today and to have plunged into the sea off the Gulf of Enos.

Melbourne, Australia, July 24—(AP)—One thousand Australian-built planes, including a number of Beaufort bombers, will be in the air by October 31, Senator J. W. Leckie, commonwealth minister of aircraft production, declared today.

Rome, July 24—(AP)—British warplanes made a daylight attack on Trapani, Sicily, yesterday, but were met with heavy anti-aircraft fire and one of the raiders was shot down, the Italian high command reported today.

Rome, July 24—(AP)—Italian forces still holding out on the Gondar zone of northern Ethiopia put to flight British forces which launched a surprise attack upon their advance positions yesterday, the Italian high command said today.

Rome, July 24—(AP)—Virginio Gayda, authoritative Fascist editor, declared today there was "suspicion more than well-founded" that United States submarines are operating with the British fleet in the Mediterranean.

TWO DIE IN AIRPLANE CRASH NEAR SHARON

Sharon, July 24—(AP)—An airplane crashed in a field near this western Pennsylvania town today, killing Bernard Spillane, 20, Rochester, N. Y., the pilot, and Michael Mitchell, 22, Oakland, Calif., a passenger.

The two-passenger ship, owned by the Rochester Aeronautical Corporation, was wrecked in attempting to land a half-mile from the city limits. Witnesses said that about 100 feet off the ground it went into a spin and crashed nose first.

NO COMPROMISE OVER REMOVAL OF LIMITATIONS

Informed Legislators at Washington Say Views Of Army Chiefs Regarding Service Extension Will Be Set Forth in Report to Committee

GEN. MARSHALL HEARD

BULLETIN
Washington, July 24.—(AP)—General George C. Marshall, army chief of staff, turned thumbs down today on a proposal by Senator Taft (R-Ohio) to limit the maximum active service of Selectees, National Guardsmen and Reserves to 16 months.

Washington, July 24—(AP)—The army is expected to reject compromise proposals for relaxing restrictions on the service of Selectees and National Guardsmen and to insist instead on removal of all limitations including that against use of citizens soldiers outside the western hemisphere.

Informed legislators said views of the High Command would be set forth in a report to the Senate Military Committee.

The report, it was said, would renew the army's request for declaration by congress of a full national emergency. The one-year limit on the service of Selectees, Reserves and Guardsmen would be removed automatically, they added, as would the ban against use of these men outside this hemisphere.

CENSORSHIP IS PLAN OF NAVY

Washington, July 24.—(AP)—Plans for a naval censorship of all outgoing cable communications have been prepared by the Navy Department, and congress will be asked soon for legislation to make them effective.

This was disclosed today with the publication of testimony by naval officials before a House appropriations subcommittee. These officials asked the committee to include in a new supplemental defense appropriation the sum of $796,500 to finance establishment of field censors' offices, but the committee denied the request pending enactment of enabling legislation.

The testimony showed that such legislation was being prepared by the attorney general's office for submission to congress, and the program was described as having the approval of President Roosevelt.

U. S. EMBASSY IN MOSCOW IS DAMAGED

Moscow, July 24—(AP)—Windows on two sides of the residence of United States Ambassador Laurence A. Steinhardt were blown in by a bomb during the third successive night of German air assaults on Moscow last night.

The raid, carried out in relays, again lasted five and one-half hours, but Russians declared today that it, like its predecessors, was a failure.

No officers of the United States embassy were in the ambassador's residence. Spasso House. Four American newspapermen who were there at the time were unhurt.

Plan Reached That Will Avert Stoppage Of Defense Projects

Washington, July 24—(AP)—Sidney Hillman, associate director, said today that the Office of Production Management had approved a uniform agreement between defense agencies and the AFL building trades designed to stabilize employment and prevent strikes.

The agreement, approved by the War and Navy Departments and the Defense Housing Coordination Office, will cover all building and construction work in the defense program.

Officials said that it would affect about 800,000 workers directly and that indirectly a total of about 1,500,000 would be affected. They explained that many of the latter were working on housing projects in defense areas and were not hired directly by the government.

At the White House, President Roosevelt was described as tremendously gratified.

The agreement provides that uniform rates of overtime pay equivalent to time-and-a-half shall be paid for more than 40 hours work each week on single shift jobs and for more than 37½ hours where two or more shifts are employed.

FASCISTS CLAIM A VICTORY OVER BRITAIN AT SEA

Rome, July 24—(AP)—The Italian High Command reported today that Fascist warplanes and naval units had sunk a "large unidentified British warship," a destroyer and two munitions-laden steamers in attacks on a convoy in the western Mediterranean.

The Italians also reported they had torpedoed a 10,000-ton cruiser of the Southampton class and another 8,000-ton cruiser, and said a battleship, a cruiser, a destroyer, a large steamer and another unidentified ship had been damaged by aerial bombs.

Seven British planes were shot down during the oprations, a communique said, while three ItIaIlian planes were reported missing. Crews of other Fascist planes were said to have returned wounded.

The action was said to have begun at dawn yesterday when Italian scouting planes spotted the heavily-protected convoy moving in an easterly direction. Fascist torpedo-carrying planes were said to have moved at once to the attack, "defying imposing anti-aircraft reaction" and numerous fighting planes sent up from an aircraft carrier.

In a running fight that apparently lasted most of the day, one steamer of 15,000 tons and another of 10,000 tons were reported to have been blown up after being struck by aerial torpedoes.

Also struck by aerial torpedoes during this phase of the engagement, the war bulletin said, were

TAX BILL IS HEADED FOR HOUSE

Legislation Designed to Make Both Individuals And Corporations Dig Deeper Than Ever to Help Finance the Defense Program Ready for Consideration Today After Approval by Ways and Means Committee

NUMBER LAST-MINUTE CHANGES ARE MADE

Washington, July 24—(AP)—A $3,529,200,000 tax bill—biggest in the nation's history and designed to make both individuals and corporations dig deeper than ever to help finance the defense program—headed toward house consideration today after approval by the ways and means committee.

The committee stamped its final approval on the measure last night after a number of last-minute changes, among them inclusion of unprecedented levies on radio broadcasts and billboards.

New surtaxes on individual net incomes starting at five per cent on the first dollar of taxable income and ranging up to the present maximum of 75 per cent on incomes over $5,000,000 would virtually treble the payments of persons in the lower and middle brackets. For instance, a married man with two children and $3,000 of net income, who now pays no tax, would pay $11 under the proposed levies. A man with the same number of dependents and a $5,000 net income, who now pays $74.80, would pay $202.40 under the new schedule.

The committee struck out proposed excise taxes on candy and chewing gum which would have yielded $18,200,000, and taxes on electric signs and cutlery. The latter would have produced about $6,000,000.

Another last-minute change provided for a slight additional boost in estate and gift taxes to produce $38,000,000 more than was previously agreed upon tentatively.

The tax on broadcasting, estimated to produce about $4,500,000 annually, would be levied on the net time sales of a station, in excess of $100,000 annually. The rates would start at five per cent on sales of $100,000 to $500,000, increase to 10 per cent on those from $500,000 to $1,000,000 and reach a maximum of 15 per cent on all above that sum.

Persons engaged in renting billboard space to others would be required to pay an occupational tax of $5 yearly on every billboard of 300 square feet or less; $8 on those between 300 and 600 square feet and $11 on those larger. It was estimated this levy would yield $7,000,000.

The treasury estimated that the new individual income sur-taxes would produce $1,152,000,000 of the new revenue and that $1,322,900,000 of the balance would come from corporations. The higher estate and gift taxes were counted on to yield about $151,900,000 and

STIMSON SCORES WHEELER ACTION

Washington, July 24—(AP)—Secretary of War Stimson said today that Senator Wheeler (D-Mont) had mailed post cards to army officers and men urging them to oppose American entry into the European war.

"I think this comes very near the line of subversive activities against the United States, if not treason," Stimson told a press conference.

The cards went out postage free, Stimson said, under the frank of the western senator.

A million of the cards had been printed in the government printing office, Stimson said, but were labeled "not printed at government expense."

The War Secretary said only two such cards had been seen by the War Department and added he did not know what proportion were sent to officers and men.

When such appeals are addressed to soldiers, he said, the action "crossed the line of what General Marshall called sabotage."

APPORTIONMENT MUDDLE MAY GO TO CONGRESS

Representative Moser, Douglassville, Expresses Belief House of Representatives Has Right to Redistrict State of Pennsylvania

MEASURE IS PROPOSED

Washington, July 24.—(AP)—Representative Guy L. Moser, Douglassville, Pa., Democrat, express belief today that congress has the right to redistrict Pennsylvania and said he would introduce a bill to do it. The Berks county congressman asserted the apportionment muddle might have been avoided "if there hadn't been some double-crossing."

Moser is chairman of the census committee and his bill would be referred to that group for action. His committee is holding the resolution of Representative Samuel A. Weiss, Allegheny County, Pa., Democrat, under which the census director would be authorized to redistrict Pennsylvania, but Moser said he doubted the constitutionality of the measure.

Moser's bill would stipulate the district lines, instead of leaving the map making to the census director. He did not say how he proposed cutting the number of districts from 34 to 33, except to make plain his ideas would differ from the plan sponsored by the state House leadership under which the Lehigh-Bucks district would be split up and Lehigh added to Moser's district. Moser said he had not started work on his bill yet and was not in any hurry.

Harrisburg, July 24.—(AP)—Legislative leaders decided today to hold up for several weeks at least appointment of a special commission to draw a plan for reapportioning Pennsylvania's congressional districts.

Charles H. Ealy, president pro tempore of the Senate, said "we're going to let things simmer down for a while."

The 1941 legislature wound up with a bristling battle over reapportionment and no plan was adopted as the final gavel fell. The

UNITY KEYNOTE OF WILLKIE TALK IN LOS ANGELES

Los Angeles, July 24.—(AP)—"Washington is in confusion x x x our defense program is in danger," Wendell L. Willkie told 19,000 persons at a meeting for National Unity last night.

"But the remedy is not to obstruct the defense program. The remedy is not to hang back, or x x x to oppose those larger aims which are involved in such moves as that which we have undertaken in Iceland. No. The remedy is just the opposite of that.

"We must—every one of us—appropriate this defense program as our own. We must realize that in it lies our greatest hope of freedom. And we must get the kind of management we want, not through petty criticism, but through the application of the enormous pressure of American public opinion, insisting that a good job be done. x x x The cure for a bad defense program is not more opposition, but more support."

Willkie spoke in Hollywood Bowl. As he was introduced, the crowd revived his presidential campaign cry of last fall, "We Want Willkie!" It gave him a three minute ovation.

Willkie criticized the administration freely, but he digressed from his prepared speech to declare:

"Of late we have heard some men say that the president acts through ignoble motives. No man ever tried so hard as I did to remove the president from office

Size of Forty Plus Club Shrinking Fast

Pittsburgh, July 24—(AP)—Members of the Forty Plus Club of western Pennsylvania, celebrating their organization's second anniversary, heard with pleasure today that their number is shrinking fast.

That seemingly paradoxical situation was caused by the fact that the club was founded to help jobless executives over 40 years of age to return to useful places in business and industry, and has been doing unexpectedly well in the defense boom.

President George W. Sheridan reported a total of 464 jobs—the bulk of them permanent—has been found during the club's two-year-existence.

The club's motto is "hire on ability—not age."

ACE DETECTIVE IS FOUND GUILTY OF SLAYING GIRL

Former Officer on State's Attorney's Staff in Chicago, Faces Life Imprisonment in Climax of Inquiry Into Abortion Syndicate

OTHERS ARE DISMISSED

Chicago, July 24—(AP)—A former ace detective on the state's attorney's staff faced life imprisonment as a slayer today, convicted in a climactic episode of a widespread inquiry into an alleged million-dollar abortion syndicate.

Behind the conviction of Daniel Moriarity, 40, for the death of pretty Jane Martin, 24, by mistake lay a trail spotted by two suicides, suspension of a second detective and dismissal of two veteran assistant prosecutors who denied charges that they had taken bribes from the syndicate.

A member of the state's attorney's police force eight years, Moriarity was convicted last night by a criminal court jury which had been qualified to send him to the electric chair. The seven men and five women set his punishment at life imprisonment.

Moriarity, who confessed—and later denied—he was a go-between for the syndicate and three members of the state's attorney's staff at $100 a month, pleaded innocense because of temporary insanity.

The killing occurred April 29, but the story goes back to April 17 when Dr. Henry Millstone, awaiting arraignment on a charge of conspiracy to commit abortion, killed himself after writing notes detailing operations of an abortion ring and describing it as a "million dollar" organization.

Two weeks later, his widow, facing a similar charge, ended her life with poison.

The heat on him, Moriarity went to the home of Mrs. Ada Martin, one of ten charged with conspiracy to commit abortion, the morning of April 29, intending to kill her and thus prevent his exposure as a fixer, the state contended.

By mistake he shot her daughter, asleep in her mother's bed, then tried twice to take his own life.

Moriarity confessed he had accepted $7,500 from Mrs. Martin to fix cases.

The conspiracy charges against Mrs. Martin and other principals arrested are pending.

FIFTH APPEAL MADE BY BRUNOS IS DENIED

Harrisburg, July 24.—(AP)—Alfred and James Bruno, convicted in the Kelayres election eve shootings of 1934, were refused freedom from the penitentiary for the fifth time by the State Board of Pardons today.

Acting on recommendations of the board, Governor James signed eight pardons and approved 16 paroles. The board announced seven cases were held under advisement, 11 were continued and 148 pleas for clemency at the June session were refused.

Well-Informed Sources From Saigon Declare That Armada Has Appeared Off Cap St. Jacques and Camranh Bay, And That Twelve Transports are En Route to That Base From Hianan, Chinese Island Off the Coast

AGREEMENT WILL BE MADE PUBLIC MONDAY

BULLETIN
Washington, June 24—(AP) The United States government strongly denounced Japan today as an aggressor in French Indo-China and declared the move there menaced American security and endangered territory and interests in the Far East.

By Frank L. Martin, Jr.
Saigon, French Indo-China, July 24—(AP)—Japanese warships have arrived off two strategic points of French Indo-China—Camranh Bay and Cap St. Jacques—and 12 Japanese transports are enroute to Saigon, well informed sources reported today following Vichy's acceptance of Tokyo's military demands on the French colony. Except for the formality of details and signatures, Japan has won naval and aerial positions in southern Indo-China two days by battleship and three hours by bomber from Britain's key fortress in the Far East, Singapore, at the tip of the Malay Peninsula. The 12 transports were said to be enroute from Hainan, Japanese - occupied Chinese island off the Indo-China coast.

By the Associated Press

The United States and Great Britain were reported poised today for swift and drastic counter-action against impending Japanese occupation of strategic air and naval bases in the south of French Indo-China.

Indications both in Washington and London were that the American government stood ready to

$8,063,238,478 APPROPRIATION IS REQUESTED

Washington, July 24.—(AP)—A new $8,063,238,478 outlay for the army, navy and maritime commission, including funds to step up merchant ship construction to two vessels daily by early next year, was recommended to the house today by its appropriations committee.

Of the total, $4,760,203,813 would go to the army to provide equipment and maintenance for a land force of 1,727,000 men—309,000 more than present strength—plus critical items for a 3,000,000-man army. The sum proposed for the army would swell to a record high of $15,328,171,132 the funds made available to it in the present fiscal year opened July 1.

The committee recommended $1,698,650,000 in cash and contractual authority for the maritime commission to permit construction of 541 cargo vessels and acquisition of 350 others to meet a serious ship shortage created at least in part by the lend-lease program.

Maritime Commission officials told the committee, in testimony made public today, that 100 American merchant ships have been or will shortly be withdrawn from domestic service and chartered to Britain for the hazardous Red Sea service.

Already 2,300,000 tons of shipping have been transferred to the lend-lease traffic in the north Atlantic, they reported.

LOCAL SENATOR AT SIGNING OF COMPACT BILL

State Senator Leroy E. Chapman, of this city, was in Harrisburg yesterday to attend the signing by Governor James of an act of the 1941 legislature authorizing Pennsylvania to join eight other oil-producing states in a compact to conserve fuel for national defense.

Senator Chapman was co-sponsor of the bill with Senator Thomas B. Wilson, of McKean county.

Also present for the signing of the bill were a group of oil men from Bradford area, including Parker Melvin, Hugh Grant, Clifford Martin and Harry Botsford, of the Associated Petroleum Industries of Pennsylvania. Charles Orr, secretary of the compact commission in the state of Oklahoma, also attended.

Under the act, the governor may serve himself or appoint a representative on the interestate commission created to carry out the pact.

The agreement was established in Dallas, Texas, in 1935 with the states of Texas, Oklahoma, New Mexico, Arkansas, Colorado, Illinois, Michigan and Kansas participating.

"The purpose of this compact is to conserve oil and gas by the prevention of physical waste thereof from any cause," the act states.

Each state agrees under the pact to enact or enforce laws to prevent:

1—Operation of any oil well with an inefficient gas-oil ratio.

2—The "drowning" with water of any stratum capable of producing in paying quantities.

3—Avoidable escape into the open air of wasteful burning of gas from a natural well.

4—Unnecessary fire hazards.

5—Excessive or improper use of reservoir energy in producing any well.

Boy Scouts to Aid In Aluminum Drive

Every Boy Scout in Warren and vicinity will be needed tomorrow in the borough wide aluminum drive, according to Calvin Hall, Scout Executive. With three of the local troops in camp and a number of boys away on vacations with their families it is essential that every Scout make himself available.

The Scouts are assembling, according to a letter of instruction from Scout headquarters, at Joseph Warren Park at 3:30 p. m. for special instructions and will go from there to the municipal building where the drive will start.

BLUE BARRON AT LIBRARY THEATRE FRIDAY

The spirit of youth so widely acclaimed, has never been better exemplified than by Blue Barron and his Orchestra, who come to the Library Theatre—Warren, Penn'a one day only Friday July 25th afternoon and evening. This youthful organization, probably the youngest successful musical organization, has in three short years climbed high on the ladder of fame.

As for members of the troupe Russ Carlisle one of the vocalists deserves a great deal of praise for his vocalization of singing titles. Charlie Fischer the tenor with the whimsical smile and Ronnie Snyder steel guitarist who whistles from his throat with his lips motionless.

Don't miss this outstanding stage attraction at the Library Theatre Warren, Penna., for one day only Friday July 25th, afternoon and evening.

India paper was introduced into Europe from China about the middle of the 18th century.

DINNER IS HELD BY MERCHANTS AT OUTING CLUB

About 200 persons from Warren and vicinity were in attendance at a dinner and program of the Retail Food Merchants Association, held last evening at the former Outing Club.

After a delicious dinner, L. E. Fredrickson, secretary of the association, acting as chairman, presented Burgess R. W. Steber as toastmaster. Mr. Steber gave an interesting talk on the steady growth of payrolls and employment in Warren county.

Mr. Steber then introduced Gus Guckenberger and George Arbner, of New York City, who have an interesting and educational skit on the importance of displays and showmanship in business.

At the close of the program, dancing and a social time was enjoyed.

Post Office Warns Against Chain Mail

The Warren post office today called attention to the fact that mails in all parts of the country are being flooded at the present time with letters relating to so-called endless chain schemes soliciting defense savings stamps.

Patrons of the post office depositing in the mails matter relating to schemes of this nature were warned today that the sending of such matter through the mails is a violation of the postal fraud and lottery statutes.

Notices are served upon persons participating in such schemes whose names come to the attention of the Post Office Department requiring them to show cause why fraud orders should not be issued against them. Such orders forbid the delivery of any mail to the persons named therein.

MEDIX RUN REUNION

A large crowd is expected for the fourth annual reunion and basket picnic to be held at Medix Run on Sunday, August 10. The committee urges everyone to "come early and meet your friends."

SPECIALIZED COURSE

Word has just been received here that Corporal R. O. "Bob" Carlson, of the Seventh Pursuit Wing at Mitchell Field, Long Island, has left to attend a "propellor specialist course" at Chanute Field in Illinois.

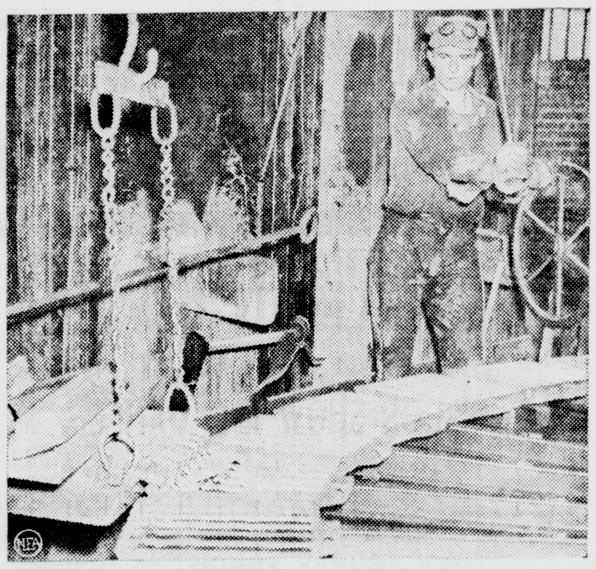

TWO HELD IN CRASH

Coroner James Biggins, of Mercer, directed that the drivers of two cars involved in a collision July 13 near Grove City, in which Connie Prestandrea was fatally injured, be held for the grand jury on charges of negligence. The coroner said testimony at an inquest yesterday indicated Joseph Patterson, of Beaver Falls, failed to stop his machine at a stop sign and the car of Joseph Prestandrea, father of the victim, was exceeding the speed limit at the time of the crash.

YOUR ALUMINUM . . .
Here's What Becomes of It

After you've given the government those aluminum pots and pans, smelting company workers sort them, estimating purity by appearance and type of utensil.

Then the pots and pans are melted down and poured into ingots.

Stamped for degree of purity, ingots start for the defense plant.

Chemists sample ingots, determining purity by analysis.

Germany's War Heads for Storied Land of Iran

If Hitler's armies race through southern Russia and veer between the Black and Caspian Seas, they will be at the gates of oriental, oil-rich Iran, next door neighbor to fabulously wealthy British India. Nazi fifth columnists have been active in Iran, but the British are in good position to block the German drive at the two points shown on the map. Then there's the little matter of the Russian armies, which are still holding the swarming invader.

HAVE THAT ALUMINUM READY

Detailed plans have been announced for Warren borough's house-to-house collection of scrap aluminum for defense production during the next two days.

Those in charge have made an extreme effort to make certain that every household in the borough will be visited. That leaves it up to housewives in the homes to leave scrap aluminum in some convenient place where the collectors can secure it with a minimum of delay.

According to plans outlined by Burgess R. W. Steber and Fire Chief Douglas Kropf, members of the Warren County Defense Council, every housewife in the borough will be visited during the drive. Sections missed tomorrow afternoon will be visited Saturday.

Boy Scouts will solicit and collect aluminum contributions and deliver them to central points in the nine districts into which the borough has been divided. Trucks will then take the "scrap" to the bin at the north approach of the Hickory street bridge, where it will be deposited.

To assure the fullest co-operation with the committee in charge, all housewives are urged to pay particular attention to the following suggestions which have already been printed:

First: Have your articles ready so collectors will not have to wait while you rummage the attic or excavate the cellar.

Second: If you cannot be at home put your hardware on the front porch or other accessible place.

Third: All who are missed will be re-visited on Saturday morning.

Aluminum collected in the national campaign now under way will be used by a wide variety of defense purposes ranging from aircraft and battleship parts to equipment carried by the individual soldier, it has been stated by members of the national committee.

When aluminum donated by housewives reaches the smelters, the wrought ware, or best commercial type, will be separated from the secondary cast ware and the two types will be melted down separately.

After the aluminum is melted, it will be up to the army and navy to say just what portions of the resulting ingots can be used for specific defense items. The Office of Production Management, however, will see that all the metal donated is used in defense production.

The local chairman says the net amount of usable aluminum in the national goal would be enough to construct 2,000 fighting planes or 500 four-engined bombers —"possibly enough to have turned the tide in Belgium, Greece or Crete." Every 5,000 dishpans, 10,000 coffee percolators, 2,000 roasters or 2,500 double broilers will permit building of one fighter plane.

Help put Warren's aluminum collection campaign over the top by having your scrap pans, etc., ready for the Boy Scouts tomorrow afternoon and Saturday.

WAR CASUALTIES IN THE U. S.

Nobody doubts any longer that the United States is tremendously affected by the war in Europe. It now has begun to touch every phase of daily life.

But would you think it was actually causing traffic deaths? Col. John W. Bosworth, state police superintendent of West Virginia, says it is. Highway accidents actually increase in West Virginia with Hitler's movements, Bosworth says, and warfare in Europe is spilling the lives of Americans thousands of miles away from it. People feel uncertain and insecure, he thinks, and thus they grow careless and reckless.

It seems far-fetched, but there might be something to it, at that. It is surely true that the long months of uncertainty wear some people's nerves thin. Trying to pass that car ahead on a rising curve, however, will do Hitler no harm whatever; much more is accomplished by staying behind, arriving two minutes later, and being on the job the next morning instead of on a slab.

THE COOK OUT FIREPLACES

The love for eating outdoors has spread so far that many families in and around Warren have built fireplaces or cooking facilities in their back yards. The plain corned beef hash and the simple sandwiches are said to taste 100 per cent better when eaten under the trees with the singing birds overhead.

Father says it is just as good as transporting the lunch basket to some far away thicket by the side of the creek or river. It is one more sign of the desire of the women folks for variety. They may think that cooking and eating in the same spot seems rather monotonous, if you have to do it for 365 days, which makes it 1195 meals per year.

• EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, July 24—The Honorable Albert Benjamin Chandler, A. B., LL. B., Hon. LL. D., captain of the judge advocate general's department of the U. S. Army, ex-governor of the sovereign state of Kentucky and by grace of gubernatorial appointment and a special election, now junior senator from that great state in the 77th Congress, has just qualified as a statesman. He has successfully floor-managed a major piece of legislation through the upper house, and won the praises of his party chieftains.

It was no piddling little bill, either. It was the horrible "property seizure" bill—the bill that was going to cause such a storm of opposition, the bill that might split the country wide open. Senator Chandler jockeyed it over the congressional steeplechase hurdles in just four hours flat.

If all this form talk of the Senator Albert Benjamin Chandler pedigree confuses you a little, just recall that this entry is none other than the brash young colt who, from 1931 to 1937, was hailed by the hopeful voters as "Happy" Chandler. He is the young racehorse who ran in the 1938 race for U. S. senator, but whom Trainer Roosevet caused to finish in the place spot when the administration pinned its colors on "Dear Alben" Barkley.

But the wounds from the barbed wire fences of the political pastures heal rapidly, and here is Happy Chandler now, a full-grown stallion, harnessed with old horse Barkley to pull the administration bandwagon.

Happy—now 43—has been in the Senate less than two years. He was sworn in Oct. 9, 1939, after the death of Senator Logan. Happy hasn't said a great deal in those first two years. He has done a lot of listening, cornering a number of the older and wiser heads and trying to learn from them just how this Washington game is played.

On the Senate floor, Happy has been his usual grimacing, playboy self. He gave no appearances of taking things seriously. He wandered around aimlessly, whispering and wisecracking, or, setting himself directly in front of some spellbinding orator, he has looked up into the speaker's face, pretending to be awed, or else grinning so broadly that even the most orthodox stuffed shirt would suffer discomposure. Happy was, to outward appearance, the Senate clown, the first since Huey Long.

Happy's committees have been good ones for a freshman senator —Judiciary, Military Affairs, Privileges and Elections, Mines and Mining. He has worked on these jobs.

When the West Virginia senatorial succession case came up a few weeks ago, Happy was put in charge of the fight for Privileges and Elections Committee, and he carried it through. He won his first ribbon there.

The Senate needs fresh young leaders. Harrison and Sheppard have died. Byrnes has gone to the Supreme Court. Barkley and George have both been ill. Committee chairmanships are being shifted around. And so, casting around for new talent, the party fathers have apparently hit on Happy Chandler. He is a good buttonholer. He can talk to the gen-

The Society Circus staged at the Armory lot Saturday by two committees of the Woman's Club for the benefit of the building fund, was pronounced a wonderful success both by the patrons and those who aided to "put it over."

Brick for the Conewango paving job is being hauled to the scene. Ten carloads will be needed for the stretch. Work of laying the curbing on the east side of the street is under way at present.

About the only excitement connected with yesterday's game on the South Side between the Independents and Smethport, was the unloading of the carnival from a siding across the road from the grandstand.

There are 165 harnessed flyers entered in the twelve events to be held at the fair grounds this week. In every class with three exceptions the list of entries range from 10 to 20.

The Warren Outing Club presented an animated scene Saturday, when it was invaded by over 200 knights of the grip and their ladies. About 75 members of Jamestown Council, U. C. T., were also present.

A concert was given by the Warren Victory Band in front of the Carver House last evening and was enjoyed by a crowd estimated in the thousands.

In 1931

Hundreds of lovers residing in Warren and vicinity enjoyed the most pleasing and entertaining concert given last evening by the V. F. W. Band, under the direction of Charles A. Clark from the porch of the commodious Elk club. Every available inch of parking space about the club was filled.

No easy time is expected for the Warren Pennsylvanians tomorrow when they meet the fast Dunkirk Blackbirds on the fair grounds diamond. It is expected that Art Johnson will hurl and Myron Jewell will do the receiving, while in the outfield will be found Bobby Burns, Bob Ritchie, Fitzgerald or Genberg.

With Captain Charles G. Pearson and his staff happy over the fact that the unit was leaving with 100 per cent enrollment, for the first time in many years, Company I, 112th Infantry, was given a send off upon leaving for Mt. Gretna on Friday that was reminiscent of the World War days.

The July issue of "The Hand Organ," published by Rex Hand, proprietor of the Keystone Printing Company, made its appearance this week as bright and breezy as ever.

The county commissioners have advertised for bids for a voting machine to be used in Sheffield. Two are necessary in the district, but one of the reserve machines will be used.

Little Liechtenstein Is Untouched by Aggression

HAS Adolf Hitler forgotten about Liechtenstein? Here are 65 convenient miles of independent territory in which 10,200 unregimented people live, lying between old Austria and Switzerland. Although a protectorate of Switzerland, it enjoys a good measure of independence.

Most Liechtensteiners believe, however, that 65 miles does not constitute enough "lebensraum" to interest the Nazi aggressors.

The ties between this country and Germany were very close prior to the Hitler regime. Most of the citizens attended German universities, admired their neighbor's progress in science and the arts.

One famous Liechtensteiner who studied in Germany was Joseph Gabriel Rheinberger, who was honored philatelically by his government in 1939 on the centenary anniversary of his birth.

Rheinberger was born in Vaduz, Liechtenstein, March 17, 1839. He studied at the Munich conservatory from 1851 to 1854 and in 1859 became a professor there. From 1860 to 1866 he was organist of the Michelskirche and then court conductor.

His best known works are "Die Sieben Raben," "Turmers Tochterlein," and "Christoforus." He also wrote 17 organ sonatas which broke away from the classical design of Bach. Rheinberger died at Munich in 1901.

A Washington Daybook

By JACK STINNETT

WASHINGTON—It was generally overlooked, but behind the President's recommendation to Congress for legislation to permit the President to establish regional or general daylight saving for all or any part of the year is a plan to circumvent one of the major political explosions of the whole of national defense legislation.

In World War I, Congress and the nation paused in its entire defense effort to wage one of its bitterest battles over whether we should or shouldn't have universal daylight saving.

Every time congressmen have made faces at the clock in the present defense effort, there have been little whirlwinds of criticism and debate all over the land.

Why?

Because the controversy over daylight saving is a fight between farm communities and the large urban and industrial centers. Even some of the most vigorous advocates of universal daylight saving will admit that the farmer has a justifiable gripe. And on the other hand, some of the outstanding opponents confess that daylight saving in some areas probably is a good thing.

It undoubtedly does save electricity. According to the Federal Power Commission, national daylight saving would conserve more than 736,000,000 kilowatt-hours a year. It gives the factory workers on one or two shifts more working daylight. For many workers, even those working overtime, it provides leisure daylight hours. These arguments are pretty well established.

• • •

Farm Routine Rigid

BUT what it does to the farmer is something else again. In farm communities, where the working day is from dawn to dark and there is very little waking time between, its saving in electricity (or oil for the lamps) is negligible. On the other hand, if the farmer tries to adjust himself to it, he finds that his stock won't go along with him. Chickens, cows, turkeys and pigs, eat and sleep by the sun—and the farmer regulates his hours accordingly. Also, dew doesn't come or disappear by any man-made time. And the hour when the farmer can go into the fields for working crops and for harvest is determined by summer dews. If he can't get there until noon by the clock, he has the further delay of stopping to feed the hired hands. Come supper time the farmer's "afternoon" is hardly half over.

At any rate, those are the arguments. They are the same used 23 years ago on both sides. There have been several bills on daylight saving pending in Congress for months. It looked as if none had a ghost of a chance, at least not without kicking up such a fuss that "national unity" would have looked like a free-for-all.

So what happens? The administration tosses in its own bill and if it isn't politically foolproof, it at least skirts the danger zones and leaves clear lanes in which administration leaders can argue down the most violent of the farm belt opponents.

• • •

Possible Exceptions

THE administration—backed by those powerful agencies of electrical power and national defense, the Federal Power Commission, the Department of the Interior, and the Office of Production Management—asks only that the President be permitted to determine in what areas daylight saving shall be installed.

The President's message to Congress, asking for the legislation, included the FPC's tables on possible power savings and the tables show that the least (far the least) saving would be effected in the plains states and the Pacific northwest. That includes a lot of farm land and a lot of farmers and the implication that daylight saving would not be so necessary in these areas is bound to shush a lot of bitter argument that came out in the first daylight saving fracas.

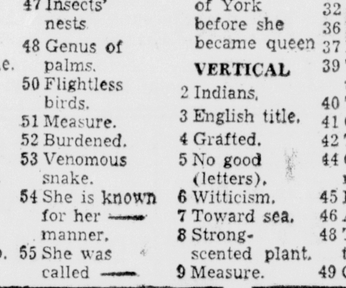

Some observers already are saying that the administration has turned up another legislative trump and an ace at that, for since 1918, the Battle of the Clocks is one no other administration has dared get mixed up in.

Letters to the Editor

Warren, Pa., July 21, 1941
Editor, Warren Times-Mirror,
Warren, Pennsylvania:

Dear Editor:

We are in the midst of a gigantic defense program whether we like it or not. Hundreds of young men have been removed from our community and concentrated in training camps. Our views as to the necessity or method of national defense may differ. However, what happens to these young men while away, remains our vital concern.

This year at camp will to many of these youth be their first experience away from home. The first experience away from home always means a crisis. Then as never before they will find themselves at the crossroads. And be sure that the wrong turn of the road will be made as attractive as the moneyed vice and subversive interests can make it.

Here the U. S. O. centers will present an alternative. Here leisure time can be spent profitably. Here will be found the men whose influence and example will contribute to his welfare. Here also will be available that counsel which he may be so in need of and that will help him in the right direction. Surely such a program merits the support of every thoughtful and conscientious person.

Sincerely yours,
JOHN C. BENGTSON,
Chairman, Warren County
Ministerial Association.

COLE HILL

Cole Hill, July 21—Mr. and Mrs. L. C. Pollard and Mr. and Mrs. F. H. York of Youngsville were visitors here Monday evening.

Kenneth Hulings of Tidioute has been helping Glenn Eastman do his haying.

Mr. and Mrs. Glenn Eastman and daughter Edna of this place and Mr. and Mrs. Charles Benedict of Ross Hill were guests Monday at Jamestown at the home of Mr. Eastman's mother, who has been ill but is better now. Edna stayed for a longer visit with her grandmother.

Miss Nellie Wentworth was a Warren visitor Tuesday. Enroute home she visited at the home of her brother Willis Wentworth and family.

Mrs. Fred McChesney and daughter Ula of Ross Hill, motored to Titusville, where they joined the Willing Workers Sunday School Class at Gresham, who motored on to Hasson Heights Park, near Oil City for a picnic dinner. They report a fine time.

Claud Strain and Miss Hazel Stroup of Titusville and Mrs. Fred McChesney and two daughters, Ula and Shirley and son Warren of Ross Hill, visited relatives in Clymen, N. Y., Friday evening.

The Misses Virginia and Mina Camp and George Glavis and Raymond Chelton of Clymer, N. Y.; Harold Martin of Cole Hill; and Mr. and Mrs. Pearl Christ of Corry were Sunday callers at the Fred McChesney home at Ross Hill.

Mr. and Mrs. Christ were former residents of Ross Hill and Torpedo.

Billy Shrout and LeRoy McNett of Titusville, called at the McChesney home Friday.

Milo Robishaw of Titusville was here Wednesday on business.

Word has come here to relatives that Howard Eastman who is in Camp Wheeler, Georgia, is getting along nicely.

Glenn Eastman who has been a school director in Pittsfield township, from Cole Hill, for fourteen years, has resigned. He had two years more to serve in his present term of office.

W. C. Leofsky of Garland will take his place on the school board.

Several from this place attended the Georgia Wildcat Show, held in the school auditorium at Tidioute Friday evening, and report a good time.

Miss Nellie Wentworth was a Youngsville visitor Friday, where she visited relatives and friends.

Mr. and Mrs. Frank Martin of Youngsville visited relatives at Mayville, N. Y., Saturday.

Joe Martin and Mr. and Mrs. Marion Bush and children, Mary and Billy Bush and Mrs. Rose Hormannan of Mayville, N. Y., were Sunday guests at the home of Mr. and Mrs. Frank Martin at Youngsville.

The Martin family were former residents of this place.

Mr. and Mrs. Charles Camp and children Charles Jr., and Frances of this place and Mrs. May Covell and daughter Doris of Ross Hill, were Sunday visitors at Aspinwall, near Pittsburgh where they visited William C. Martin, who is a patient in a veterans hospital there.

It rained here some on St. Swithin Day but the next day it poured and has rained here every day since except two days.

NEW YORK'S FIRST CIVILIAN DEFENSE TEST

Under the sponsorship of the British American Ambulance Corps, 420 Lexington Avenue, New York, the first civilian air-raid defense test in New York was staged at City Hall Park. The demonstration was conducted with the assistance of the American Women's Hospitals Reserve Corps using the latest type ambulances developed in the United States for use in Britain, Africa and the Near East. Here women reservists are preparing the interior of the new super-capacity air-raid ambulance designed for use in heavily bombed industrial areas. At left is an electric blanket which maintains a controlled temperature for the patient. The British American Ambulance Corps shipped nearly 500 mercy vehicles since the corps was organized in June, 1940. The units cost $678,650, all of which was provided by American contributors in every part of the country. The B. A. A. C. is also flying vitamin capsules to British children.

Tidioute Ceremony Unites Well Known Couple in Marriage

Garden flowers were used in pretty decoration of the home of Mrs. Marcia Morse at Tidioute on Tuesday evening when her daughter, Miss Alice A. Morse, became the bride of Loyal L. McAvoy, Tidioute member of Company I now stationed at Indiantown Gap.

Rev. Christie performed the ceremony at 7:30 o'clock in the presence of guests from Jamestown, N. Y., Erie, Titusville, North Warren, Warren, Clarendon and Tidioute.

As the bride entered on the arm of her brother, Floyd Morse, Mrs. Frank Kapp, of Tidioute, played the familiar Bridal Chorus from Wagner's "Lohengrin". During the ceremony, she played softly the hymn "Living for Jesus".

The bride chose white accessories with a street-length frock of powder blue and her shoulder corsage was of Talisman roses. Her attendants, Miss Lella Mae Paden and Miss Betty Summerville, wore California sheer and green crepe respectively, each with a shoulder corsage of pink roses.

Shannon McAvoy, of Indiantown Gap, was best man.

For the reception which followed, Mrs. Morse wore navy figured chiffon. Patriotic decorations were carried out in red white and blue, with a lovely wedding cake forming the center for the bride's table.

Later, the couple left for a short wedding trip, the bride wearing a plaid silk suit of blue and a rose corsage. Mrs. McAvoy will reside at the Morse home for the present.

The bride-elect was honored with a picnic shower at the George Hariff cottage by Mrs. Otho Paden and Mrs. Lewis Garber, and with a miscellaneous shower given by Mrs. Frank Kapp.

Women of the Moose Entertain Official At Regular Meeting

Warren Chapter, Women of the Moose, held an interesting session on Wednesday, with officers meeting at 2:30 o'clock and committee chairmen at four, both gatherings being directed by Mrs. Goldie Bissell, official of the order from Jamestown, N. Y.

Senior Regent Hilda Anderson conducted the regular lodge session at eight o'clock last evening when the following new members were initiated: Mrs. Margaret Wilson, Mrs. Myrtle Sederberg, Mrs. Gladys Wenzel, Mrs. Mary Klenck and Mrs. Eloise Brownell.

The social service committee chairman, Mrs. Florence Stites, requested that each lodge member contribute at least two articles to the aluminum collection taking place this week.

Attendance prizes were awarded to Mrs. Esther Beach and Mrs. Gladys Wenzel.

Mrs. Bissell gave a fine talk on membership and spoke of the convention to be held in Warren in 1942. She read a letter, also, telling of activities at Moosehaven.

A tureen supper is planned for the next meeting on August 13, with Mrs. Anna Stigelmier as the chairman.

The ancestors of President Thomas Jefferson were Welsh.

Social Events

DOROTHY SCOTT IS PARTY GUEST

Mrs. William Weaver and Mrs. John Smallman entertained Wednesday evening at the camp of the former on Wildcat Run, giving a miscellaneous shower to honor Miss Dorothy Scott.

At 6:30 o'clock a delicious picnic supper was enjoyed and the evening was spent in playing games and with singing. Miss Scott received many beautiful gifts for her new home from the following:

Mrs. William McCauley and Mrs. Frederick Aumer, of Irvine; Mrs. John Pedersen, Mrs. Clemens Anderson, Mrs. Lucille Smith, Mrs. Marie Scott, Mrs. Robert Weakley, Mrs. Mary Canby, Miss Alma Schwartz, Mrs. Ann Bonavita, Miss Frances Scalise, Miss Gladys Anderson, Miss Eleanor Font, Mrs. John Bevevino, Miss Sylvia Cardamone, Miss Bertha Korb, Mrs. Howard Jones, Miss Harriet Barnes and the hostesses.

BRIDE-ELECT IS HONORED AT PARTY

Russell, July 24—Friends and neighbors gathered Tuesday afternoon at the home of Mrs. Maude Poy to tender a miscellaneous shower in honor of Miss Edna Coan, whose marriage to Russell Kelley will take place in the near future.

Prizes for contests were awarded to Mrs. Agnes Hovas and Mrs. Nellie Wiltsie. Refreshments were served and the bride-to-be was presented with many gifts for her future home.

PARTY GIVEN FOR TWO ANNIVERSARIES

Russell, July 24—Mrs. L. E. Russell entertained fifteen guests at dinner at her home at 1:30 o'clock Tuesday afternoon to honor Mrs. Carrie Servoss, who will be 91 years of age on July 31, and Mrs. John Dayger, whose birthday occurred on July 6.

During the afternoon, Rev. L. W. Drury, of Warren, gave a splendid talk based on the 24th Psalm and, with his wife, sang a lovely duet, "Jesus Is Coming."

SHEFFIELD MAN HAS ANNIVERSARY

W. O. Skelton, of Sheffield, celebrated his 78th birthday anniversary with a dinner at the Bubbling Springs camp at Cherry Grove on Tuesday evening.

Guests were Mr. and Mrs. M. E. Russell and two daughters, Corrine and Diana, of Rochester, N. Y.; Axeline Johnson, of Sheffield; Albert Webster, Mr. and Mrs. Neil Skelton, of Warren.

Y. P. SOCIETY

The meeting of the Young People's Society of the Bethlehem Congregational church, scheduled for Friday evening, has been cancelled according to announcement made today. It will take place on July 31, instead, and young people of the First Mission church of Jamestown, N. Y., will be guests of the local unit.

EXPECTED FRIDAY

Mr. and Mrs. Hawthorne Daniel, of New York City, are expected tomorrow to be the weekend guests of Mr. and Mrs. Raymond W. Steber, Fifth avenue. Mr. Daniel, well known writer and lecturer, is speaking in the Chautauqua amphitheatre this evening at 8:15 o'clock on "Uncle Sam Returns to the Seven Seas."

REBEKAH LODGE PLANNING PICNIC

The Lady Warren Rebekah Lodge will hold its regular session at eight o'clock Friday evening, when plans will be completed for the annual picnic. A social hour will follow.

HERE FROM WEST

Mr. and Mrs. J. F. Jennings and daughter, Miss Jeannette, of San Francisco, Cal., are visiting in Warren for a time and have registered at the Carver House. The Jennings family resided here about 35 years ago.

TO NORTH CAROLINA

Mr. and Mrs. Oscar Lawson, Mrs. Joseph Swanson and children, Miner and Gordon, of North Warren, with Mrs. Roy Larson, of Ripley, N. Y., have left for Greensboro, N. C., to visit Mrs. Larson's son, Fenton Larson, and family.

GO TO NEW YORK

Miss Mary Eastwood, of Westminster, Calif., and Miss Ruth Johnson, 119 Russell street, are spending the weekend in New York City.

Rockwell Class Is Hostess at Dinner In Honor of Teacher

The Rockwell Bible Class of Trinity Memorial Episcopal church entertained with a dinner party Wednesday evening at Panama Rocks to honor the birthday anniversary of its teacher, Miss Anna Rockwell.

Summer garden flowers were used in decoration of the dinner table, with yellow and white as a color scheme.

In addition to members of the class, the following guests were present: Mrs. A. C. Bagnall, of Warren; Mrs. W. E. Scott, of Washington, D. C., a guest of Mrs. Pinkney Wroth; Mrs. Clyde Reese, of Indianapolis, Ind., a guest of Mrs. J. C. Allen; Mrs. Clayburn Hooper, of Casper, Wyo., a former class member and guest of Mrs. Earl Stricker; Miss Lois Henry and Miss Dorothy Arnold, of Tucson, Ariz., here for the summer with their families.

Mrs. Eva Reardon, class president, and Mrs. Myrtie Hansen, vice president, were in charge of the arrangements for the evening.

Alpine Tournament Is Innovation For Country Club Women

An innovation for women golfers at the Conewango Valley Country Club is to be the "Alpine" tournament scheduled for next Tuesday and Wednesday.

Membership in both the men's and women's Alpine clubs is limited to those who have made par fives on the eighth hole at the local course.

Women who will participate in the tournament next week are Mrs. Gail Hamilton, Mrs. Harold Banghart, Mrs. John L. Blair, Mrs. David Beaty, Mrs. Edward Shiel, Mrs. Edward Walker, Mrs. Kenneth Bjers, Miss Betty Jane Branch, Mrs. Joan Blair Hoye and Mrs. B. H. McLachlan.

Three other Alpine members not participating are Mrs. S. W. Blackman, Mrs. John Siggins and Mrs. Passmore.

Several local women are in Erie today for a tournament at the Kahkwa Club.

In yesterday's two-ball, best-ball match Mrs. Banghart and Miss Helen Lauffenburger were first; Mrs. Hugh Jamieson and Mrs. John L. Blair, second. Mrs. Blair also won the prize for four hidden holes and the "A" link. The "B" link went to Miss Frances Lavery.

The match for next Wednesday will be a "scrip" tournament, in charge of Miss Lauffenburger, women's golf chairman for this season.

Home-Coming at the United Brethren to Have Guest Speaker

Special anniversary services will be held at the First United Brethren church on Sunday, July 27, the occasion of the annual homecoming and an event always marked by special features at all services.

Dr. U. P. Hovermale, secretary of the Home Mission and Church Erection Society of the United Brethren denomination at Dayton, O., will be the guest speaker.

The Daniels family, of Olean, N. Y., former members of the local church, will be present for several musical numbers.

All members and friends of the congregation are cordially invited to attend any or all of these services. The Sunday school session will be at ten o'clock, in charge of Chris Caldwell, superintendent; morning worship at 11 a. m.; Christian Endeavor societies at 6:30 p. m. and evening service beginning at 7:30 o'clock.

SOLDIER LEAVES

Private Harold Wineriter left today for Fort Sill, Okla., after a 15-day furlough at home. He was accompanied as far as Cleveland, O., by his mother, Mrs. Alice Wineriter, and his aunt, Mrs. Rachel Dickenson, who has been visiting relatives in Warren.

WYOMING GUESTS

Mr. and Mrs. Clayburn Hooper and son, of Casper, Wyo., former residents of Warren, are here for a visit, the guests of Mr. and Mrs. Earl Stricker, Redwood street.

EVERYTHING IN READINESS FOR CAMPAIGN HERE

Everything is in readiness for Warren's big aluminum drive, which gets underway tomorrow afternoon when Boy Scouts will aid other volunteers in a house-to-house collection of discarded pots and pans to be contributed to national defense industry.

The collection will start promptly at 4 o'clock tomorrow afternoon. An effort will be made to cover the entire town at that time, but any homes which are missed will be picked up on Saturday morning.

Also featured on Saturday will be a gala aluminum movie show at the Warner Bros. Library Theatre. At this show, scheduled to start at 10 o'clock, admission will be free to all those who bring some discarded aluminum utensil for the national defense collection.

Manager George Sarvis said today that a fine program of moving pictures has been arranged. All persons are welcome to this show regardless of age.

It was announced today that an aluminum movie show will also be held at the Utopian theatre in Sheffield on Saturday morning at ten o'clock. Harry Baldensperger, who operates the Sheffield theatre, also has planned a fine program for "kids" from 6 to 60 who attend. The price of admission there also is one discarded aluminum utensil.

Allen Gibson, chairman of the county defense council, said this afternoon that committees have been at work in every section of the county and that all are ready to start their intensive collection of aluminum tomorrow.

TIMES TOPICS

NIGHT PRIMROSES

Flower fanciers will be interested in a report that Mrs. B. H. Woodruff, of Pleasant township, is enjoying the second flowering of night-blooming primroses in her flower garden. The blossoms open about 8:45 o'clock each evening and, although not as large as those of the first blooming, are very beautiful. There are more than 20 of the flowers, it is said.

RESERVE OFFICERS

The Warren County Chapter, Reserve Officers' Association, will hold its regular meeting at the American Legion Home at eight o'clock tonight. Major T. W. McAllister will be present to show training sound films on first aid and the new mechanized cavalry units of the United States Army. This topic is of great importance to all Reserve Officers and all are urged to attend if possible.

NATURAL PRESERVATION

Meat can be kept without refrigeration or salt by Tibetan natives. Left outdoors, the juices are sucked up by the very dry air, making the flesh so dry it can be powdered, in which form it is kept for years.

LARGEST CAVE

Mammoth Cave, Kentucky, is the world's largest cave, with its three rivers, eight waterfalls, several lakes and more than 200 miles of galleries.

WPA reports during the last six months of 1940 it spent upon airports $12,354,005; the Army got $3,700,391, Navy $1,745,777, and civil airports $6,807,837.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

TEMPERS FLARE WHEN NORTH PASSES GAME DEMAND BID

By WILLIAM E. McKENNEY
America's Card Authority

From Harry G. Stracks of New York City comes this amusing story of a hand that turned up in a rubber bridge game.

North-South were vulnerable, with 60 points toward the rubber game. South picked up his rock-crusher hand and bid two spades. North looked unhappily at his cards, then at the score, while South glared at him. Finally North passed.

Then the fight began. "How can you pass a game demand bid?" said South. "But two spades is enough for game" North defended himself. "That has nothing to do with it," raged South. "I can pass under game if I want to, but it is your duty to respond after my opening two-bid."

Even after dummy went down, South continued to fume "Here goes a vulnerable slam right out the window."

But North got back some of his own when South proceeded to make just two-odd on the hand, losing a heart and four spades. By double-dummy play he could have made three odd, losing only three trump tricks, but we echo North's assertion "It was mighty lucky for us that we had 60 on game, so that I could pass your two-bid!"

Rydholm and Kiser Marriage on Monday

Leona Kiser, daughter of Mr. and Mrs. A. H. Kiser, and Fred Rydholm, son of Mrs. Johanna Rydholm, both of Warren, were united in marriage at six o'clock Monday evening in the Epworth Methodist church.

Rev. M. I. Harding, pastor, solemnized the rites in the presence of the immediate families. The attendants were Mr. and Mrs. D. E. Allen, sister and brother-in-law of the bride.

The bride was attractive in an aqua afternoon frock with white accessories and wore a corsage of Johanna Hill roses. Mrs. Allen wore a sheer blue dress and white accessories and her corsage was of Briarcliffe roses.

An informal reception for the immediate families was held at the home of the bride's parents following the ceremony.

Later, the couple left for a wedding trip to Washington, D. C., and other points. They will be at home after July 29 at 515 East street.

Mrs. D. E. Allen is to be hostess on Tuesday evening with a shower party in honor of the bride.

Frances Arrigo To Become Bride Soon

Mr. and Mrs. Philip Arrigo, of Clarendon, have announced the coming marriage of their daughter, Frances, to William Rhodes, son of Mr. and Mrs. Walter Rhodes, of Warren R. D. 1. Although no definite date is given for the wedding, it will take place in the near future.

The news was told to friends at a party given by the Arrigos at their home, when the bride-elect was showered with pretty gifts for her future home and refreshments were served.

Guests were Mr. and Mrs. Frank Montore and family, Mr. and Mrs. Dominick Praino, Mr. and Mrs. Barbera and family, Mrs. Sam Pusateri and family, Mr. and Mrs. Frank Gruttaria and family, Mr. and Mrs. Peter Yagge, Mr. and Mrs. Walter Rhodes and family, James Sparco, Mr. and Mrs. Tony Murano and Mrs. Frances Pulli.

Olean Girl Bride of Ralph William Seely

Mr. and Mrs. Charles H. Conrad, 145 North 8th street, Olean, N. Y., have issued announcements of the marriage of their daughter, Janet Aileen, to Ralph William Seely, of Warren.

The ceremony was performed on Monday of this week in the Conrad home by the Rev. Whitney M. Trousdale, pastor of the Olean Presbyterian church.

Luncheon, followed by a reception, was held at The Cogswell for 40 guests, after which the couple left for a Canadian wedding trip. After August 1, they are to be at home to their friends in Warren, where Mr. Seely is employed by William F. Crossett, Inc., at Stoneham.

The bride is a graduate of Olean High School and of Westbrook Academy.

FAREWELL DINNER FOR RICHARD KERVEN

Forty-five employes of the New Process enclosing, stamping and sorting departments gathered at the Y. W. C. A. activities building Tuesday evening for a six o'clock dinner in honor of Richard F. Kerven, who will leave for army service on July 28.

Group singing was enjoyed throughout the evening and special numbers were given by Tony Fazio, accompanied at the piano by Miss Katherine Barber, and Miss Ella Akeley, with the same accompanist.

Following dinner, Melvin G. Keller, head of the mailing department, gave an interesting, informal talk on army life and his experiences in the first world war, after which he presented the honored guest with several gifts from the group. Mr. Kerven responded with his thanks for the gifts and good wishes.

ENTERTAIN AT LAKE

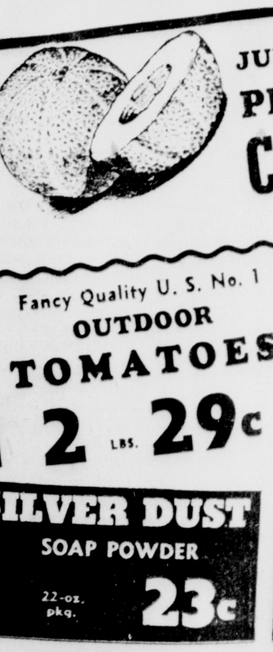

Mr. and Mrs. D. L. Baldensperger, 13 Rollins street, entertained with a family muskellunge dinner Sunday at their summer home on Lake Chautauqua. Guests were brothers, sisters and mother of the host, from Warren, and an aunt, Mrs. Lena Jones, of Russell. A pleasant afternoon was spent in boating and swimming and the wish was expressed that the gathering might be an annual affair.

MOVING TO NEW HOME

After residing in the Seventh ward for the past thirty-five years Mr. and Mrs. John C. Hartmann, of East Wayne street, are moving this week to a new home in Water street. Both Mr. and Mrs. Hartmann have been active in social circles on the South Side and will be missed by their many friends, who extend best wishes to them in their new home.

The leading lines of gainful employment in Alaska, says the Census, are the production of minerals, hunting and trapping, and the operation of fisheries. These industries accounted for 5,002, 4,117 and 4,089, respectively, of the total of 30,308 persons in Alaska reported as having gainful occupations. Of the 4,117 hunters and trappers, 246 were women.

HEARTBREAK HONEYMOON

by WATKINS FLOYD KNIGHT

Chapter 25

Tommy Starts South

TOMMY closed his eyes for a moment. And he pictured Luella strolling along the sun-washed sands, the wind blowing her hair, whipping her skirts about her. Luella and Florida! . . . Florida and Luella. What a wonderful combination!

He'd do it! He reached for the telephone, and dialed the number of his employer. Thank the Lord, Martin Greenwood was at his office. Thank the Lord, he had said he wanted to go over some accumulated data on radio stations in other parts of the country.

"Hello?" Tommy said, when a voice answered the ring. "That you, Mr. Greenwood?"

"Yes," came the reply. "But—"

"Don't get excited," Tommy laughed. "This is Tommy McIntyre."

"Oh, hello, Tommy!"

"You shouldn't have told me you were remaining in the office," said Tommy. "But since you did, here I am, and I've got something very important to talk about. Can you spare me a moment or two?"

Mr. Greenwood chuckled. "Of course, Tommy," he said. "Go on."

"I want to leave on my vacation right away," said Tommy.

"Well, I'll be—!" said Greenwood. "Calling me at this hour to—"

"It's important," said Tommy. "You know I've been hanging on for over a year now without getting away, and—and—well, I sort of feel a nervous breakdown coming on."

"Nonsense! You're the healthiest-looking man in Manhattan."

"Maybe so . . . but sometimes appearances are deceptive."

"What do you call 'right away'?" Mr. Greenwood asked.

"Monday morning," said Tommy.

"Good Lord, man, that's mighty short notice."

"Yes, Mr. Greenwood, I know, but—"

"Wait a minute!" Mr. Greenwood said suddenly. "Maybe you can be spared, that is if you're willing to combine a little work with your pleasure."

"Now, listen, Mr. Greenwood," Tommy protested. "A vacation is a vacation. I want to go down to Florida, lie in the sand, and soak up a lot of sunshine. I want to watch the waving palms. I want to do some fishing. I want—"

"Stop it!" Greenwood laughed. "You talk like a Miami advertising circular. So you want to go to Florida?"

"Yes. On Monday morning."

"Okay!"

"Meaning you'll grant my vacation now?"

"Right. On one condition."

"I was afraid of that."

"Afraid of what?"

"Of a catch of some sort."

"No catch at all, my boy," said Mr. Greenwood. "Go on down to Florida, and have a vacation. You deserve it. All I want you to do is do a bit of investigating, in a leisurely sort of way, mind you—keep eyes and ears open, and see how things are with some of the broadcasting stations down in that neck of the woods. Just a matter of routine, that's all. Now that we're making a lot of recordings—especially serials for broadcasting in weekly installments, I like to know just what's back of the stations throughout the country; financially, and all that. Get it?"

"Yes, sir!" said Tommy. "Thanks a lot!"

"You don't mind mixing this investigation with your vacationing?"

"Not at all," said Tommy. "I'm so darned used to work, come to think about it, I'll probably enjoy myself more. I'm keen about those recorded serials, you know that; so I'll certainly keep my ears and eyes open."

Tommy hung up. His heart was singing. For once in his life of thirty-odd years he had gotten a break! He did a couple of complicated dance steps around the room, and then dropped down into a chair. He lit a cigarette—smiled at the wall facing him.

Away from New York, away from all the rush and the noise and the worry that went toward making up a city that could be beautiful at times, and hideous at others. Sunshine and palms, . . . Long white beaches . . . and Luella.

He could see her—almost hear her. Luella, sweet—adorable—living in his little cottage. . . . "And to think," he told himself, "I kept trying to persuade Marie to marry me!"

Sweet Place

LUELLA reached Miami Sunday morning, and lost no time in getting out to Tommy McIntyre's cottage. The keys were in an envelope in her purse. Tommy had handed them to her at the Pennsylvania Station.

"Make yourself completely at home, Luella," he had said. "And try not to feel too badly over all that's happened. I'll be thinking of you—even praying for you." He grinned. "That is, if you think the prayers of an old sinner like me will be any good."

"Thank you, Tommy," she had replied. "You're a dear to do all this for me, and I'll try to find something to keep me busy. You know that's a perfect way to keep from brooding or experiencing self-pity."

"You'll find plenty to do, all right!" said Tommy. "The cottage has been unoccupied for a long, long while, and it's probably thick with dust and festooned with cobwebs."

"Splendid!" she had exclaimed. "Cobwebs and dust are my meat! Housekeeping is the one thing at which I excel, in case you didn't know."

"You excel at cooking also. Don't forget that."

"No, I won't. Housekeeping is in my line, but keeping my home isn't, evidently." She had paused, thoughtful. "I wonder now if the old-fashioned qualifications for being a wife and making a home really count for anything at all, Tommy. Glamor, the ability to say smart nothings, play bridge for high stakes, wear clothes like a movie actress, and all those things seem to be more important nowadays."

"Cut it, Luella!" Tommy had said sharply. "And speaking of cooking, I wish I was going to be near enough to drop in now and then for a mess o' fried chicken and candied yams."

"So do I," she had said. Then: "I'm going to miss you, Tommy. . . . You've been grand to me."

"I'm going to miss you, too, Luella—like hell!"

And now Luella was unlocking the front door of the cottage, opening it, entering. Sweet place, she thought. But Tommy had been right. There were cobwebs, and dust—plenty of both. Thank God, for that! She was going to be busy, terribly busy.

And work—cleaning up the cottage, putting it into an attractive living condition—was going to be a life-saver. She raised shades, opened windows, let in the sunshine and the sea-breeze. She went on a tour of inspection.

The cottage was snug and cozy and colorful. There was a combination living and dining room, two small bedrooms with a bath between. And a kitchen! The cutest sort of a kitchen. And it opened upon a diminutive back porch, a back porch that begged for some geraniums in empty tomato cans, like her Aunt Lila used to have, and a vine to climb the posts.

"I love it!" said Luella, half aloud.

Heartbreak

SHE found dimity curtains in a chest in a closet, she found table clothes, bed-linen—everything she needed to set up housekeeping. Then, as the word housekeeping came to her thoughts, she remembered the apartment in New York—that place she had worked so hard to make comfortable and attractive, a place where her tired husband could come at the end of a busy day.

Tired husband, indeed! And did he stay in the home she had worked so hard to make comfortable and attractive? Not so's you'd notice it, he didn't.

Oh, no, he rushed off to write radio songs with a glamorous and beautiful radio star! No time for home. Just a place in which to grab a bite to eat. No time for a wife. She was just a human automaton who was there to light the gas, whip up a cake, make a salad. Husband . . . wife . . . home. . . .

Suddenly she turned and ran from the cottage. She headed for the beach. Down there she stood watching the blue-green waves breaking upon the unbelievably white sand, watching the palms sway gently in the breeze. And she thought, "Here endeth the first lesson!"

Sinking down upon a sand dune, she toyed with a piece of shell, and frowned. Funny thing, this business of the association between a man and a woman. Take Henry and herself, for example. They'd started out so beautifully, and look at them now. Henry in New York. She in Florida. A divorce pending.

She asked herself if she had made a mistake in giving up so soon. And she said that she had not made a mistake. Had she been fighting a woman who was beautiful and with whom Henry was infatuated—just that alone—she might have won out.

But she not only had to fight a woman who was beautiful, but a woman who lived and worked in a world of excitement—a world Henry wanted to get into. If she had merely had to fight the woman who was beautiful and with whom Henry was infatuated, she could have made herself more and more beautiful, fought the woman—and maybe have won out in the end.

But what could she do when Henry was not only showing signs of being in love with Marie Mason, but was also determined to become a part of the world in which Marie lived and worked? You couldn't fight a situation like that, Luella argued.

No, the cards had been stacked against her. . . . She had done the right thing, in leaving New York.

Sugar Grove

Sugar Grove, July 22 — The directors of the Sugar Grove Community Fair met and organized as follows: President, Frank LaVigne; vice president, J. Albert Johnson; secretary, T. R. Sponsler; treasurer, F. A. Schoonover. Among the special features of this year's fair will be the horse show on Saturday, and an evening amateur show. The dates of the fair are September 11, 12, 13.

The Wimodausis Class met Friday afternoon with Mrs. Margaret Woodside, with eleven present: Mrs. Arthur Stauffer presided at a short business meeting and presented the program. Readings were given by Mrs. John Mahan and Mrs. John Bruce. Three new members were received into the class. A social time with cafeteria lunch completed the afternoon.

Miss Ruth Abbott was guest at a family dinner party Sunday at Sharpsburg in honor of Mr. and Mrs. Robert A. Wick upon their return from their wedding trip. The bride was Blanche Campbell, of Sharpsville, a roommate of Miss Abbott at Grove City College, and the ceremony took place at Tucson, Ariz., July 4th, with Rev. Helen Toner officiating. Miss Toner was also a friend of the girls at the college and has lived the past two years in Arizona on account of her health. Friends here will be glad to know her health is somewhat improved.

Milton McLallen will fill the pulpit in the Sugar Grove Methodist church next Sunday.

INDIAN BELIEF

Indians of the early days spared the lives of chipmunks because the animals were thought to be responsible for healing herbs and roots.

The honey crop of the United States normally amounts to 80,000 tons a year.

Action in the East: German Pictures of German Victory

FIRE rages through a little Russian town as conquerors stand by ready to enter when flames die down. Soldier in foreground carries hand grenade for use if any resistance still remains.

NEST of death shelters this German reconnaissance squad lying behind debris and raking the street of a Soviet village with machine gun fire. Brick wall is marked by countless shells.

WARPLANES once, these Russian planes will fight no more. German dive bombers attacked their air field. Charred mass in foreground was a wooden hanger.

MARCH is the order for these German soldiers trudging along toward the front. Note facial expressions. German army is highly motorized, but the boys still march plenty.

TREASURER'S SALE OF SEATED LOTS AND TRACTS OF LAND

In compliance with and by virtue of the authority vested in me by the several acts of assembly, and specifically by the act approved May 29, 1931, P.L.280, as amended by the act approved June 20, 1939, P.L.498, and other amendatory acts, authorizing and empowering the county treasurers to sell at public sale all seated lands upon which taxes levied by authority of any county, borough, town, township, school district and poor district are delinquent and remain unpaid, and fixing penalties, etc., I will sell at public sale the following properties as hereinafter set forth.

The purpose of said sale is to enforce the collection of delinquent taxes, penalties, interest and costs thereon as the taxes were returned for the year 1939 and prior thereto. Said sale will be held in Court Room No. 2 at the Court House in the Borough of Warren, Warren County, Pennsylvania, on

MONDAY, AUGUST 4, 1941
At 10 o'clock A. M., E. D. S. T.

TERMS OF SALE: As soon as property is struck down, payment of the amount of purchase money, or such part thereof as is necessary to pay all taxes, penalties, interest and costs in each case, will be required from the purchaser. In event said amount is not paid forthwith after the property is struck down, the sale will be avoided and the property immediately offered for sale again by the Treasurer. No bid will be accepted for less than taxes, penalty, interest and costs.

If a bid is in excess of said amount, the purchaser will be required to make and execute to said Treasurer for use of the persons entitled a bond for the surplus money that may remain after satisfying and paying all the taxes and costs as aforesaid.

The following list includes only the taxes due to the respective taxing authorities within Warren County which have notified the Treasurer of their rejection of the provisions of the act of May 1, 1941, Act No. 17 of the Acts of 1941.

To all persons, owners, or reputed owners of property, terre tenants or any claiming an interest in the following described lots or tracts of land: You are hereby notified that your property situated in the borough or township as hereinafter described has been returned for non-payment of taxes for the years designated, and unless such taxes and costs are paid on or before Monday, the fourth day of August, 1941, at nine o'clock A. M. Daylight Saving Time of said day the said premises will he sold as above set forth.

Brooklyn Beats Riddle With Ninth Inning Rally, 5 To 4

Elmer Loses First; Yankees Win Again Over Troubled Tribe

By JUDSON BAILEY
Associated Press Sports Writer

The Brooklyn Dodgers have solved the Riddle, heretofore known as Elmer, the unsolved, and have given the Cincinnati Reds their biggest shock since the New York Yankees swept the 1939 world series in four straight.

The young righthander had won 11 games without a defeat this season and become a symbol of hope for the beleaguered National League champions.

Last night, while a crowd of 30,000 at Crosley Field whooped in glee, Riddle gained a 4-0 lead over the groggy Dodgers in the first five frames and looked unbeatable. Then with two resounding salovs Brooklyn came from behind to crush him 5-4 and continue the first place deadlock in the senior circuit.

Frank McCormick, last year's most valuable player in the National League, was knocked out by one of Kirby Higbe's fast balls which struck him on the head, but an examination at a hospital showed he had received only a mild concussion and might be able to appear in the lineup tomorrow and preserve his "iron man" string of 549 consecutive games.

The victory checked a Brooklyn skid just in time for the St. Louis Cardinals nosed out the New York Giants 5-4 in a 12-inning thriller earlier in the day in an effort to gain exclusive possession of first place. Lon Warneke held the Giants to two hits for eight innings, but the New Yorkers caught up with him in the ninth and tied the score. However, the Redbirds punched across the winning tally in the 12th on a pair of singles by Frank Crespi, and Estel Crabtree.

Vince DiMaggio doubled with the bases loaded in the fourth inning of a night game to boost the Pittsburgh Pirates to a 5-2 victory, over the Phillies and put the Buccaneers in a challenging spot, one game behind the fourth-place Giants.

In the other National League game, Dick Errickson's seven-hit hurling brought the Boston Braves a 6-1 triumph over the Chicago Cubs.

The New York Yankees conquered the Cleveland Indians again 3-2 to draw nine games out in front of the American League pennant race, so called. Marius Russo limited the Indians to five hits and Joe DiMaggio and Charley Keller each hit home runs.

The Chicago White Sox went on a rampage and whipped the Boston Red Sox 10-4 with a 17-hit bombardment.

A two-run homer by Frank Hayes helped the Philadelphia Athletics nudge the St. Louis Browns 5-4 and move within one percentage point of fifth place Detroit Tigers, who were humbled for the 10th time in 14 meetings by the Washington Senators, 6-1. Both were night games.

TONY ZALE IS WINNER BY K. O. OVER HARRIS

Chicago, July 2—(AP)—Ossie (Bulldog) Harris of Pittsburgh was one guest who didn't have a good time last night at Tony Zale's anniversary party.

The Gary, Ind., dynamiter, recognized by the National Boxing Association as the middleweight champion, celebrated a year's reign as the titleholder by knocking Harris out in the first round of a scheduled 10-rounder in the Chicago Stadium outdoor arena. The non-title fight attracted 3,800 customers.

The 1940 census shows Alabama with a population of 2,830,285 as compared with 2,646,248 in 1930.

OVERTIME GAME IN CITY LOOP WON BY CASEYS

The Knights of Columbus bounded back into a deadlock for first place in the second half play for the City League softball title last night with an eleven inning victory over the Elks Club by an 8-6 count.

Harry Wooster did the tossing for the winners and Harry Christensen pushed them across for the Elks.

Warnie Check banged away at the plate and slammed a home run in the third inning for the Elks. Until the eighth, it seemed to be a conquest for the B. P. O. E. representatives, but a two run rally by the Caseys tied the score. Two more in the first half of the eleventh were too much to match for the losers, and, aside from one single, the Elks did not threaten in the last half of that canto.

MARCONIS PLAY EAGLES TONIGHT ON IRVINE LOT

In a game that wasn't arranged until yesterday, but which should have the interest of every loyal local baseball fan, the Marconi clubbers and the Eagles will tee off tonight on Wilder Field, Irvine, at six o'clock.

The Marconis own one victory over the Eagles, but since that time the latter aggregation has strengthened its lineup to some extent.

The Eagles, made up majorally of Sheffield players but playing out of Warren, will send Paulie Rogers to the mound and Sam Savoia, who was first string catcher for the Oil City Pirates earlier this season, will do the receiving.

For the Marconi Club, it is expected that Floyd or Jack Kifer will draw the starting assignment, and Chuck Lawson is scheduled to be behind the bat.

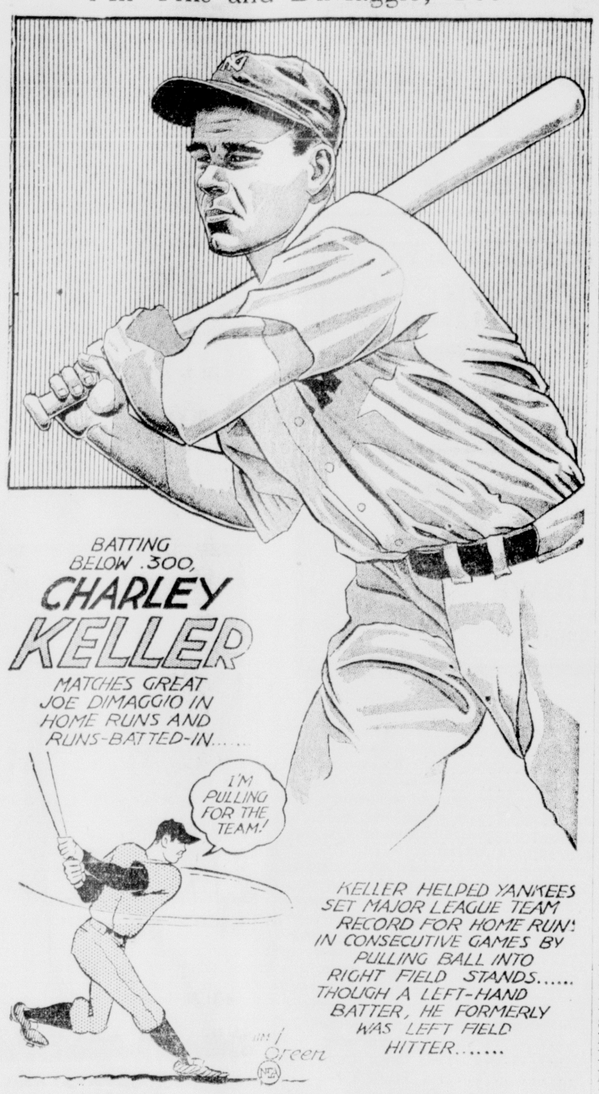

There will be no admission but any and all fans are welcome.

MUSHBALL TONIGHT

The First Baptists and the Grace Methodists meet tonight at six o'clock on Beaty Field in a Church League softball game.

KOVACS BEATEN IN SEA BRIGHT TENNIS TOURNEY

Sea Bright, N. J., July 24—(AP)—The path to a former singles championship in the Sea Bright Tennis Tournament has been smoothed considerably for Bobby Riggs—thanks to a player who never has beaten Riggs and who thinks Bobby still is the top man in the business.

The helpmate is Gardnar Mulloy, who scored the biggest upset thus far in the 54th annual tournament yesterday by eliminating Lanky Frank Novacs, the reformed "clown prince" of tennis, 3-6, 7-5, 6-4.

Kovacs was Riggs' opponent in last year's final.

Mulloy now is considered a strong favorite to reach the semi finals. Today he meets Ladisav Hecht, the former Czechoslovakian Davis Cup star.

Riggs will face young Jack Kramer. If all goes well, Riggs and Mulloy will lock horns in the semi-finals.

The other men's quarter-finals today pit top-seeded Don McNeill against Ted Schroeder and Frankie Parker against Wayne Sabin.

SPORT SPATTERINGS

It looked for six innings Tuesday night as though Warren softball fans were about to see the first no hitter ever recorded in local efforts, when Young Vito Greto, Boys' tosser, held the Elks without a safe bingle, though he was free enough with the passes to first base to force two runs across. However, the Elks broke the spell and finally managed to pole out four safeties. But, Greto, we'd say, if anyone is going to whip the overstuffed baseball across unmolested for nine innings, is going to be the chucker to do it some day. He's only fifteen, and still pretty wild. But the kid has speed, and our only regret is that he isn't a baseball pitcher. Because the way he looks now, he'd be a cinch to be added to the line of local sons to climb the ladder toward fame and the big time. What Vito could do with a hard ball, we can't tell. But he certainly can toss a commendable softball game; that we can tell.

They've argued for years on this old saw, but it's still good for a paragraph in this corner. Many experts claim pitching is 75 per cent of the game of baseball, but we're with the many who think differently. Perhaps years ago, pitching was what the veteran experts still claim it is. But today there is so much proof that shatters their contention, that we hold a good power team is better than a team with the best pitching staff in the nation. For instance, here's your Cincy Reds with Walters, Derringer, Vander Meer and Co., some of the finest hurlers in present day ball, yet the Reds, though they were out in front last year and the year before, aren't even looking like champs this campaign and why—because they aren't getting hitting. Now then, the Yankees are an example of the power team. Except for Ruffing, and he isn't what he once was, no matter what they say at times, the Bronx Bombers have only average pitching, sometimes they don't have that. But any fair-to-do hurler can win ball games with artillery behind him like the DiMaggio and Keller cannons, and a better than average lot of hitters in Joe Gordon, Sturm, Rolfe, Dickey, Rizzuto, and Henrich. We say nine good hitters can spoil the best pitcher's afternoon, and will the majority of the time. This was shown when the Yanks blasted Feller this week.

When Walters and Derringer have been losing ball games because the opponents got three or four runs, just remind yourself that often times the Yankee opposition, or that of the Red Sox, Indians or Tigers, just as often get as many, but the pitchers on those outfits don't lose because eight other men are outpunching the other pitcher and the Yanks, etc. come through with from eight to eighteen in most cases. Certainly, with a record of 35 victories in 41 games behind the New York Americans, one must admit that in this day of the national pastime it's basehits that count, and that good batters are the most important thing for any team to possess. Good pitchers may be able to hold the heaviest hitting team at bay once in awhile, but they're bound to break lose occasionally. And a few good pitchers aren't enough to hold a power team down over a period of six months of play. So the swingers are the stingers and rate this corner's vote for being the key men in current baseball. If we had a team, we'd like nine DiMaggios instead of as many Fellers, unless we had eight DiMag's playing on Bobby's team . . . that would be Utopia!

Near Finals in "Y" Tennis Tournament

Back from his vacation and cleaning up loose ends at the Y. M. C. A., Physical Director Ed Hasler today announced the present standings in his tennis tourney which has run well overtime and still is incomplete.

Bad weather has played a major part in the delay, but Hasler is requesting that all remaining matches be completed by the end of July so that his big tennis tourney, probably a city affair, may get under way.

Only one match remains in the class B singles, that between Phillips and Summerville for the championship. In class A, Highhouse meets Amy, Conroy meets Yerg, and Dick Ross has worked his way into a place in the finals. Winners of the class A matches will play for the right to meet Ross.

Annual production of caskets and coffins in the U. S., says the Census Bureau, exceeds 1,300,000 units; of these, about a million are wooden and the remainder metal.

No Compromise Over Removal of Limitations

(From Page One)

to the Senate committee General George C. Marshall, army chief of staff, told the house military committee yesterday that in his opinion congress should solve the problem of removing time restrictions on citizen soldiers by declaring a national emergency because that was the method set up in the selective service act.

Marshall appeared before the House group in both open and closed sessions to discuss the need for extended service. Out of the closed session came a report that he had testified that three South American nations were faced with possible Nazi uprisings.

Committeemen through whom the information was made public said the focal point of possible trouble was Brazil and that other centers of possible Nazi strength were described as Bolivia and Colombia.

Further, Marshall was reported to have told the committee that he feared Russia might soon fall before the German army and Hitler thus might obtain Russian air bases along the Bering Strait.

Warships Reported Off Coast

(From Page One)

impose sweeping economic restrictions on Japan, paralleling possible British military action to offset the threat against their Singapore naval base and the Netherlands East Indies which would be created by establishment of Japanese bases in southern Indo-China.

That the occupation was imminent if not actually underway already was indicated by dispatches from Saigon, French Indi-China.

Well-informed sources there said Japanese warships had appeared off Cap St. Jacques and Camranh Bay and that 12 Japanese transports were en route to Saigon from Hianan, Chinese island off the Indo-China coast.

Camranh Bay is a naval base on Indi-China's southeast coast and Cap St. Jacques dominates the mouths of the Saigon river by which ships reach Saigon.

Foreign consulates there said today their representatives in Hanoi had been advised by the Indo-China government of a French-Japanese agreement granting the Japanese certain naval and military concessions in the southern part of the colony.

The Saigon sources also said the agreement had been reached July 19. Apparently this was an agreement of principle on the concessions to be made but one which left details to be worked out, presumably by representatives of the two powers in Hanoi.

Diplomatic quarters heard, meanwhile, that a formal announcement of the agreement would be made next Monday. At that time, it was expected, the nature and extent of the concessions probably will be known officially.

Such concessions have been regarded as possibly foreshadowing Japanese military expansion southward toward Singapore and the East Indies, with their rich resources of rubber, tin and oil.

The Chinese military intelligence officer at Chunking, China, told foreign correspondents that thirty Japanese troop transports convoyed by three warships were observed sailing southward past Hongkong, on July 18, in the direction of Indo-China. In addition, he declared seven heavy Japanese warships, three aircraft carriers and 55 destroyers were sighted moving southward from Japanese waters Tuesday.

At Shanghai today foreigners who had booked passage for Japan on the Kobe Maru were halted at the gangplank and told that travel been stopped for an indefinite period. However, 500 Japanese were permitted to go aboard. A similar ban also was invoked at Dairen—apparently to prevent foreigners from seeing Japanese ship movements.

Singapore circles heard reports that authorities at Hanoi had ordered all French merchant ships to remain in Indo-Chinese ports or proceed there immediately.

As for demands made, Vichy admitted only that the Japanese had asked the right to take military measures because of alleged military developments along the British colonial and Chinese frontiers of Indo-China, which Japan has guaranteed to defend.

London, meanwhile, disclosed far-flung military preparations at Singapore and other British Pacific outposts, readying them for any eventuality with reinforcements of Royal Air Force units. British sources expressed confidence, moreover, that as a result of continuing close consultation the London and Washington governmets were prepared to take any measures necessary.

While gravely concerned State Department officials in Washington watched the situation without public comment they were known to have planned for several months economic measures for use when and if Japan went against repeated United States protests and warnings to further upset the status quo in the Pacific.

Whether the crisis would spread, appeared to depend on how quickly the Japanese might seek to press their strategic advantages against Singapore and the East Indies and whether they might also undertake some action aainst Russia in Siberia.

London, July 24—While one authoritative British source held today that the prospective Japanese occupation of French Indo-China offered no military threat to Singapore, two other authoritative quarters, commenting on naval and political aspects of the move, indicated mounting concern.

This apparent confusion among official spokesmen evoked the widest interest among United States and dominion diplomatic circles since it has been repeatedly stated here that the British government is in close consultation with the United States and Australia.

Apportionment Muddle May Go to Congress

(From Page One)

House and Senate agreed on only one thing—creation of the commission of 10 to make the study.

The commission would make its recommendations to the next session, possibly a special meeting to be called sometime between the November election and the end of the year.

SHIRTFROCK HAS NEW SHOULDERS

Pattern 4812
By Anne Adams

..This casual spectator frock just won't stay on the sidelines—it will steal the scene whenever you wear it! An Anne Adams creation, Pattern 4812 shows all the smartest new style notes. First, there are soft, this-season lines given by curved, extended shoulders that are very striking. Then there's a plunging V-neckline, deep-cut and feminine, that you'll nicely accent by a youthful, boyish collar. If you use saddle stitching all around the collar and down the easy, single-buttoned front bodice opening, consider having it in a vivid contrast, perhaps with the belt to match. The skirt is in simple four-section style, with a crisp flare. This soft-tailored frock is very quick and simple to make!

Pattern 4812 is available in misses' and women's sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 takes 3⅛ yards 39 inch fabric.

Tax Bill Headed for House

(From Page One)

new or higher excise levies on almost two-score commodities or services for the remaining $902,400,000.

About 300,000,000 of the individual income tax revenue was estimated to result from a provision of the measure requiring that husbands and wives with separate incomes make joint returns.

In boosting the corporation taxes, the committee concentrated chiefly on excess profits, hiking the rates which now range from 25 to 50 per cent to 35 to 60 per cent and revamping the method of computing such profits.

It also voted to impose surtaxes of five per cent on the first $25,000 of taxable income and six per cent on all over that figure.

Outstanding among the excise taxes on goods and services were a proposed $5 annual use tax on all passenger automobiles, airplanes and yachts less than 28 feet long; $25 annually on coin operated amusement and gambling devices such as slot and pin-ball machines; a seven per cent tax, double the present levy, on the sale of new automobiles; and 10 per cent retail sales taxes on toilet preparations, including cosmetics, jewelry and furs.

The tax on liquor was boosted $1 a gallon.

TWO MORE QUIT JAMES CABINET

Harrisburg, July 24—(AP)—The resignation of Roger W. Rowland, secretary of property and supplies, and Chairman P. Stephen Stahlnecker of the board of review for unemployment compensation raised to nine today the number of major changes in the governor's official family since he took office in 1939.

Capt. Rowland submitted his resignation to the governor yesterday, explaining he left his $10,000 cabinet post to devote his time to the New Castle Refractories, which he heads and which is busy with defense orders.

Stahlnecker, former secretary to Gifford Pinchot when governor, and member of the Public Service Commission until it was replaced by the Public Utility Commission in 1937, said he was quitting his $9,000 office to return to private business in Harrisburg.

Rowland, out-spoker, cigar-chewing purchaser of the state's tremendous supply stores, joined the cabinet in a temporary capacity in the first place, James explained.

The governor has two other places to fill as a result of recent deaths of Dr. John J. Show, secretary of health, and William S. Rial, chairman of the liquor control board.

SALUTE WASHINGTON

Warships do not fire a salute to George Washington as they pass Mount Vernon, but flags are lowered to half-mast and the ship's bell is tolled.

tlemen. He can out-talk the gentlemen.

His managership of the property seizure bill for the Military Affairs Committee was no great victory or logic. One of the page boys might have pushed it through, for the original draft of the measure had been killed in committee, and a new and much less obnoxious version was presented to the Senate.

In managing a bill on the floor, victory often goes to the leader who can talk the loudest and longest. From his position, third seat from the center aisle in the back row of the Democratic side, Chandler could face everyone, including three-fourths of the gallery.

He let the debate get pretty far off the subject. Most of the time he was taking about allowing draftees to go home after their first year. He got into a terrible row with Senator Wheeler on that, and came off second best. Josh Lee of Oklahoma, in the chair, had to rule both Wheeler and Chandler out of order.

Anyway, Chandler's side got the bill through, and it is his first big victory as a bill manager on the floor of the Senate. Now he may go far as a party leader. And Pappy O'Daniel is coming from Texas to relieve him of the title of Senate jester.

The 48 states received almost 4.1 billion dollars in revenues in 1938, according to the Census, and spent 4.0 billion dollars in cost-payments for the general government. The excess of revenues over expenditures was due to collections for unemployment compensation which were deposited in reserve funds for future use.

SECOND PERIOD AT BOY SCOUT CAMP IS OPENED

There were 113 Scouts who entered Camp Olmsted on the Allegheny river yesterday as the second period of the Boy Scout summer camping season got under way. With tents to set up, beds to make, physical examinations, and special swim for determining ability the boys had a busy day which was topped off with the opening camp fire.

Their brother Scouts who preceded them the first period reported a week full of outdoor activities planned to prepare them for emergency service.

This week the Scouts came from seven different troops which have their homes in Russell, Warren, Ludlow and Youngsville. Each troop is encamped on a separate site, using equipment furnished by the local Scout council.

According to Camp Director Ted Powell, this season will be one of the most successful in recent years.

LONDON CLAIMS HITLER INVASION OF RUSSIA SLOWING DOWN

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Jap Occupation of French Indo-China Believed Imminent

STRONG RESISTANCE ACKNOWLEDGED BY NAZI HIGH COMMAND

By the Associated Press

London, July 24—(AP)—All Moscow radio stations went off the air tonight at 7:20 p. m. (12:20 p. m. EST) and the usual news report was not broadcast.

Adolf Hitler's invasion of Russia is slowing down, if it has not entirely halted, authoritative London quarters said today, while at Russia's back door there were unconfirmed reports that Japanese and Soviet troops had clashed on the Manchoukuo-Siberia frontier.

In the Far East, Japanese warships were reported off Cape St. Jacques and Camranh Bay, southern French Indo-China, after the French were said officially to have yielded to Tokyo demands for air and naval bases in the French colony.

Meanwhile, as Premier Mussolini's high command claimed a smashing attack on a British convoy in the central Mediterranean, with four ships sunk and seven others damaged, the authoritative Fascist editor, Virginio Gayda, asserted there was a "suspicion more than well-founded" that United States submarines were operating with the British fleet in the Mediterranean.

On the Russo-German war front, violent fighting continued, without a decisive turn in the conflict.

DNB, the official German news agency, asserted that a large Russian force encircled at Nevel, north of Vitebsk on the central front, had been smashed by Nazi troops "with extraordinarily heavy losses."

The agency said 13,000 Soviet prisoners were captured.

Hitler's high command, once more acknowledging "strong local resistance" by Soviet troops, declared:

"The operations of the German armed forces and of their allies are taking their planned course on the entire eastern front, in spite of difficult roads."

German bombers attacked Moscow for the third successive night, the Nazi war bulletin said, pounding "vital military objectives."

The Russians said that the raiders, 150 strong, inflicted some casualties in another five and one-half hour assault, but that no military objectives were hit.

Few details were immediately available on the reported clash between Japanese and Russian troops in the east.

Dispatches from Shanghai said the fighting was reported to have started last evening in the vicinity of Changkufeng, the scene of a Russo-Japanese "vestpocket war" in the summer of 1938.

There was no immediate confirmation of the reports, which were said to have come from sources close to the Japanese military, and Japanese army press headquarters in Shanghai said they had "heard nothing" of such fighting.

Far East dispatches in recent days have indicated that Japan probably would attack Russia from the east, along the Siberian frontier, if and when Russia's Red armies in the west collapsed under Nazi invasion blows.

London advices picturing the German onslaught as having lost its momentum, declared there had been no re-grouping of Nazi armies for a third assault in the 33-day-old conflict—such as might explain the present slowdown.

The Soviet High Command reported that bitter fighting raged throughout the night in the three main theaters of action; on the Porkhov (Leningrad) front, the Polotsk-Nevel and Smolensk (Moscow) front, and the Zhitomir (Ukraine) front.

Nor did the Gerans claim any specific gains, declaring broadly that Nazi troops were battling fiercely in the Smolensk sector, 230 miles west of Moscow, and in another fierce struggle 100 miles to the rear—apparently the Polotsk-Nevel sector—where masses of Russian infantry were said to have been split by the Nazi panzer drive up the Napoleonic road to Moscow.

On the southern front, where the Germans are striking toward Kiev, the capital of the Soviet Ukraine, Nazi dispatches said heavy rainstorms had turned the highways into gluey mud, impeding the movement of trucks, heavy artillery and other essential equipment.

Meanwhile, the London radio reported that 5,000 Serbs had risen up against the German conquest in Yugoslavia, attacking Nazi garrisons and outposts. In one foray, 220 Serbs were said to have swooped down from mountain hiding places, attacked a garrison and returned to the hills with prisoners.

In the Far East crisis, Japan appeared to have won her reported demands for key naval and air bases in southern French Indo-China, stirring fears of a possible Japanese thrust southward toward Britain's great naval base at Singapore and the rich Dutch East Indies treasure-house of rubber, tin and oil.

WAR BRIEFS

New York, July 24—(AP)—A British broadcast reported today that 5,000 Serbs had risen up against the German invaders of Yugoslavia, attacking Nazi outposts and strongholds. The broadcast, heard here by NBC, also quoted a dispatch from Ankara as saying that 200 Serbs had swooped down from mountain hiding places north of the village of Mish, attacked a German garrison, and retired into the hills with prisoners.

London, July 24—(AP)—Granted "reasonable weather" until the middle of September, it was asserted authoritatively today, British farmers will produce "a greater output of food than in any previous year of this century."

Dublin, July 24—(AP)—Bombs were dropped on Dundalk harbor from an unidentified airplane during the night.

Ankara, Turkey, July 23—(Delayed)—(AP)—An Italian military plane flying over the Turkish frontier in Thrace despite warning shots was reported hit by Turkish anti-aircraft guns today and to have plunged into the sea off the Gulf of Enos.

Melbourne, Australia, July 24—(AP)—One thousand Australian-built planes, including a number of Beaufort bombers, will be in the air by October 31, Senator J. W. Leckie, commonwealth minister of aircraft production, declared today.

Rome, July 24—(AP)—British warplanes made a daylight attack on Traponi, Sicily, yesterday, but were met with heavy anti-aircraft fire and one of the raiders was shot down, the Italian high command reported today.

Rome, July 24—(AP)—Italian forces still holding out on the Gondar zone of northern Ethiopia put to flight British forces which launched a surprise attack upon their advance positions yesterday, the Italian high command said today.

Rome, July 24—(AP)—Virginio Gayda, authoritative Fascist editor, declared today there was "suspicion more than well-founded" that United States submarines are operating with the British fleet in the Mediterranean.

TWO DIE IN AIRPLANE CRASH NEAR SHARON

Sharon, July 24—(AP)—An airplane crashed in a field near this western Pennsylvania town today, killing Bernard Spillane, 20, Rochester, N. Y., the pilot, and Michael Mitchell, 22, Oakland, Calif., a passenger.

The two-passenger ship, owned by the Rochester Aeronautical Corporation, was wrecked in attempting to land a half-mile from the city limits. Witnesses said that about 100 feet off the ground it went into a spin and crashed nose first.

U. S. EMBASSY IN MOSCOW IS DAMAGED

Moscow, July 24—(AP)—Windows on two sides of the residence of United States Ambassador Laurence A. Steinhardt were blown in by a bomb during the third successive night of German air assaults on Moscow last night.

The raid, carried out in relays, again lasted five and one-half hours, but Russians declared today that it, like its predecessors, was a failure.

No officers of the United States embassy were in the ambassador's residence, Spasso House. Four American newspapermen who were there at the time were unhurt.

Time Table of Russian War

Map shows German progress week-by-week into Soviet Union. One month of invasion finds Germans still a good distance from Moscow.

NO COMPROMISE OVER REMOVAL OF LIMITATIONS

Informed Legislators at Washington Say Views Of Army Chiefs Regarding Service Extension Will Be Set Forth in Report to Committee

GEN. MARSHALL HEARD

BULLETIN

Washington, July 24.—(AP)—General George C. Marshall, army chief of staff, turned thumbs down today on a proposal by Senator Taft (R-Ohio) to limit the maximum active service of Selectees, National Guardsmen and Reserves to 16 months.

Washington, July 24—(AP)—The army is expected to reject compromise proposals for relaxing restrictions on the service of Selectees and National Guardsmen and to insist instead on removal of all limitations including that against use of citizens soldiers outside the western hemisphere.

Informed legislators said views of the High Command would be set forth in a report to the Senate Military Committee.

The report, it was said, would renew the army's request for declaration by congress of a full national emergency. The one-year limit on the service of Selectees, Reserves and Guardsmen would be removed automatically, they added, as would the ban against use of these men outside this hemisphere.

CENSORSHIP IS PLAN OF NAVY

Washington, July 24.—(AP)—Plans for a naval censorship of all outgoing cable communications have been prepared by the Navy Department, and congress will be asked soon for legislation to make them effective.

This was disclosed today with the publication of testimony by naval officials before a House appropriations subcommittee. These officials asked the committee to include in a new supplemental defense appropriation the sum of $796,500 to finance establishment of field censors' offices, but the committee denied the request pending enactment of enabling legislation.

The testimony showed that such legislation was being prepared by the attorney general's office for submission to congress, and the program was described as having the approval of President Roosevelt.

Plan Reached That Will Avert Stoppage Of Defense Projects

Washington, July 24—(AP)—Sidney Hillman, associate director, said today that the Office of Production Management had approved a uniform agreement between defense agencies and the AFL building trades designed to stabilize employment and prevent strikes.

The agreement, approved by the War and Navy Departments and the Defense Housing Coordination Office, will cover all building and construction work in the defense program.

Officials said that it would affect about 800,000 workers directly and that indirectly a total of about 1,500,000 would be affected. They explained that many of the latter were working on housing projects in defense areas and were not hired directly by the government.

At the White House, President Roosevelt was described as tremendously gratified.

The agreement provides that uniform rates of overtime pay equivalent to time-and-a-half shall be paid for more than 40 hours work each week on single shift jobs and for more than 37½ hours where two or more shifts are employed.

FASCISTS CLAIM A VICTORY OVER BRITAIN AT SEA

Rome, July 24—(AP)—The Italian High Command reported today that Fascist warplanes and naval units had sunk a "large unidentified British warship," a destroyer and two munitions-laden steamers in attacks on a convoy in the western Mediterranean.

The Italians also reported they had torpedoed a 10,000-ton cruiser of the Southampton class and another 8,000-ton cruiser, and said a battleship, a cruiser, a destroyer, a large steamer and another unidentified ship had been damaged by aerial bombs.

Seven British planes were shot down during the oprations, a communique said, while three ItIalIian planes were reported missing. Crews of other Fascist planes were said to have returned wounded.

The action was said to have begun at dawn yesterday when Italian scouting planes spotted, the heavily-protected convoy moving in an easterly direction. Fascist torpedo-carrying planes were said to have moved at once to the attack, "defying imposing anti-aircraft reaction" and numerous fighting planes sent up from an aircraft carrier.

In a running fight that apparently lasted most of the day, one steamer of 15,000 tons and another of 10,000 tons were reported to have been blown up after being struck by aerial torpedoes.

Also struck by aerial torpedoes during this phase of the engagement, the war bulletin said, were

TAX BILL IS HEADED FOR HOUSE

Legislation Designed to Make Both Individuals And Corporations Dig Deeper Than Ever to Help Finance the Defense Program Ready for Consideration Today After Approval by Ways and Means Committee

NUMBER LAST-MINUTE CHANGES ARE MADE

Washington, July 24—(AP)—A $3,529,200,000 tax bill—biggest in the nation's history and designed to make both individuals and corporations dig deeper than ever to help finance the defense program—headed toward house consideration today after approval by the ways and means committee.

The committee stamped its final approval on the measure last night after a number of last-minute changes, among them inclusion of unprecedented levies on radio broadcasts and billboards.

New surtaxes on individual net incomes starting at five per cent on the first dollar of taxable income and ranging up to the present maximum of 75 per cent on incomes over $5,000,000 would virtually treble the payments of persons in the lower and middle brackets. For instance, a married man with two children and $3,000 of net income, who now pays no tax, would pay $11 under the proposed levies. A man with the same number of dependents and a $5,000 net income, who now pays $74.80, would pay $202.40 under the new schedule.

The committee struck out proposed excise taxes on candy and chewing gum which would have yielded $18,200,000, and taxes on electric signs and cutlery. The latter would have produced about $6,000,000.

Another last-minute change provided for a slight additional boost in estate and gift taxes to produce $38,000,000 more than was previously agreed upon tentatively.

The tax on broadcasting, estimated to produce about $4,500,000 annually, would be levied on the net time sales of a station, in excess of $100,000 annually. The rates would start at five per cent on sales of $100,000 to $500,000, increase to 10 per cent on those from $500,000 to $1,000,000 and reach a maximum of 15 per cent on all above that sum.

Persons engaged in renting billboard space to others would be required to pay an occupational tax of $5 yearly on every billboard of 300 square feet or less; $8 on those between 300 and 600 square feet and $11 on those larger. It was estimated this levy would yield $7,000,000.

The treasury estimated that the new individual income sur-taxes would produce $1,152,000,000 of the new revenue and that $1,322,900,000 of the balance would come from corporations. The higher estate and gift taxes were counted on to yield about $151,900,000 and

STIMSON SCORES WHEELER ACTION

Washington, July 24—(AP)—Secretary of War Stimson said today that Senator Wheeler (D-Mont) had mailed post cards to army officers and men urging them to oppose American entry into the European war.

"I think this comes very near the line of subversive activities against the United States, if not treason," Stimson told a press conference.

The cards went out postage free, Stimson said, under the frank of the western senator.

A million of the cards had been printed in the government printing office, Stimson said, but were labeled "not printed at government expense."

The War Secretary said only two such cards had been seen by the War Department and added he did not know what proportion were sent to officers and men.

When such appeals are addressed to soldiers, he said, the action "crossed the line of what General Marshall called sabotage."

APPORTIONMENT MUDDLE MAY GO TO CONGRESS

Representative Moser, Douglassville, Expresses Belief House of Representatives Has Right to Redistrict State of Pennsylvania

MEASURE IS PROPOSED

Washington, July 24.—(AP)—Representative Guy L. Moser, Douglassville, Pa., Democrat, express belief today that congress has the right to redistrict Pennsylvania and said he would introduce a bill to do it. The Berks county congressman asserted the apportionment muddle might have been avoided "if there hadn't been some double-crossing."

Moser is chairman of the census committee and his bill would be referred to that group for action. His committee is holding the resolution of Representative Samuel A. Weiss, Allegheny County, Pa., Democrat, under which the census director would be authorized to redistrict Pennsylvania, but Moser said he doubted the constitutionality of the measure.

Moser's bill would stipulate the district lines, instead of leaving the map making to the census director. He did not say how he proposed cutting the number of districts from 34 to 33, except to make plain his ideas would differ from the plan sponsored by the state House leadership under which the Lehigh-Bucks district would be split up and Lehigh added to Moser's district. Moser said he had not started work on his bill yet and was not in any hurry.

Harrisburg, July 24.—(AP)—Legislative leaders decided today to hold up for several weeks at least appointment of a special commission to draw a plan for reapportioning Pennsylvania's congressional districts.

Charles H. Ealy, president pro tempore of the Senate, said "we're going to let things simmer down for a while."

The 1941 legislature wound up with a bristling battle over reapportionment and no plan was adopted as the final gavel fell. The

DROWNS IN ALLEGHENY

Pittsburgh, July 24—(AP)—A 30-year-old waitress was drowned and her male companion rescued when their canoe capsized in the Allegheny river opposite Blawnox late yesterday. Neither the woman, Dora Whiteside, 30, nor her companion, identified by County Detective John Couch as George A. McMakin, could swim. Both were from Bellevue.

UNITY KEYNOTE OF WILLKIE TALK IN LOS ANGELES

Los Angeles, July 24.—(AP)—"Washington is in confusion x x x our defense program is in danger," Wendell L. Willkie told 19,000 persons at a meeting for National Unity last night.

"But the remedy is not to obstruct the defense program. The remedy is not to hang back, or x x x to oppose those larger aims which are involved in such moves as that which we have undertaken in Iceland. No. The remedy is just the opposite of that.

"We must—every one of us—appropriate this defense program as our own. We must realize that in it lies our greatest hope of freedom. And we must get the kind of management we want, not through petty criticism, but through the application of the enormous pressure of American public opinion, insisting that a good job be done. x x x The cure for a bad defense program is not more opposition, but more support."

Willkie spoke in Hollywood Bowl. As he was introduced, the crowd revived his presidential campaign cry of last fall, "We Want Willkie!" It gave him a three minute ovation.

Willkie criticized the administration freely, but he digressed from his prepared speech to declare:

"Of late we have heard some men say that the president acts through ignoble motives. No man ever tried so hard as I did to remove the president from office

Size of Forty Plus Club Shrinking Fast

Pittsburgh, July 24—(AP)—Members of the Forty Plus Club of western Pennsylvania, celebrating their organization's second anniversary, heard with pleasure today that their number is shrinking fast.

That seemingly paradoxical situation was caused by the fact that the club was founded to help jobless executives over 40 years of age to return to useful places in business and industry, and has been doing unexpectedly well in the defense boom.

President George W. Sheridan reported a total of 464 jobs—the bulk of them permanent—has been found during the club's two-year-existence.

The club's motto is "hire on ability—not age."

ACE DETECTIVE IS FOUND GUILTY OF SLAYING GIRL

Former Officer on State's Attorney's Staff in Chicago, Faces Life Imprisonment in Climax of Inquiry Into Abortion Syndicate

OTHERS ARE DISMISSED

Chicago, July 24—(AP)—A former ace detective on the state's attorney's staff faced life imprisonment as a slayer today, convicted in a climactic episode of a widespread inquiry into an alleged million-dollar abortion syndicate.

Behind the conviction of Daniel Moriarity, 40, for the death of pretty Jane Martin, 24, by mistake lay a trail spotted by two suicides, suspension of a second detective and dismissal of two veteran assistant prosecutors who denied charges that they had taken bribes from the syndicate.

A member of the state's attorney's police force eight years, Moriarity was convicted last night by a criminal court jury which had been qualified to send him to the electric chair. The seven men and five women set his punishment at life imprisonment.

Moriarity, who confessed—and later denied—he was a go-between for the syndicate and three members of the state's attorney's staff at $100 a month, pleaded innocense because of temporary insanity.

The killing occurred April 29, but the story goes back to April 17 when Dr. Henry Millstone, awaiting arraignment on a charge of conspiracy to commit abortion, killed himself after writing notes detailing operations of an abortion ring and describing it as a "million dollar" organization.

Two weeks later, his widow, facing a similar charge, ended her life with poison.

The heat on him, Moriarity went to the home of Mrs. Ada Martin, one of ten charged with conspiracy to commit abortion, the morning of April 29, intending to kill her and thus prevent his exposure as a fixer, the state contended.

By mistake he shot her daughter, asleep in her mother's bed, then tried twice to take his own life.

Moriarity confessed he had accepted $7,500 from Mrs. Martin to fix cases.

The conspiracy charges against Mrs. Martin and other principals arrested are pending.

FIFTH APPEAL MADE BY BRUNOS IS DENIED

Harrisburg, July 24.—(AP)—Alfred and James Bruno, convicted in the Kelayres election eve shootings of 1934, were refused freedom from the penitentiary for the fifth time by the State Board of Pardons today.

Acting on recommendations of the board, Governor James signed eight pardons and approved 16 paroles. The board announced seven cases were held under advisement, 11 were continued and 148 pleas for clemency at the June session were refused.

NEW CASTLE FATALITY

New Castle, July 24—(AP)—Carl Flout, 68, of Hillsville, was killed last night when his automobile ran over an embankment on route 224, near Bessemer and collided with another car. His death was the third traffic fatality in this area within a week.

WARSHIPS REPORTED OFF COAST

Well-Informed Sources From Saigon Declare That Armada Has Appeared Off Cap St. Jacques and Camranh Bay, And That Twelve Transports are En Route to That Base From Hianan, Chinese Island Off the Coast

AGREEMENT WILL BE MADE PUBLIC MONDAY

BULLETIN

Washington, June 24—(AP) The United States government strongly denounced Japan today as an aggressor in French Indo-China and declared the move there menaced American security and endangered territory and interests in the Far East.

By Frank L. Martin, Jr.

Saigon, French Indo-China, July 24—(AP)—Japanese warships have arrived off two strategic points of French Indo-China—Camranh Bay and Cap St. Jacques—and 12 Japanese transports are enroute to Saigon, well informed sources reported today following Vichy's acceptance of Tokyo's military demands on the French colony. Except for the formality of details and signatures, Japan has won naval and aerial positions in southern Indo-China two days by battleship and three hours by bomber from Britain's key fortress in the Far East, Singapore, at the tip of the Malay Peninsula. The 12 transports were said to be enroute from Hainan, Japanese - occupied Chinese island off the Indo-China coast.

By the Associated Press

The United States and Great Britain were reported poised today for swift and drastic counter-action against impending Japanese occupation of strategic air and naval bases in the south of French Indo-China.

Indications both in Washington and London were that the American government stood ready to

$8,063,238,478 APPROPRIATION IS REQUESTED

Washington, July 24.—(AP)—A new $8,063,238,478 outlay for the army, navy and maritime commission, including funds to step up merchant ship construction to two vessels daily by early next year, was recommended to the house today by its appropriations committee.

Of the total, $4,760,203,813 would go to the army to provide equipment and maintenance for a land force of 1,727,000 men—309,000 more than present strength—plus critical items for a 3,000,000-man army. The sum proposed for the army would swell to a record high of $15,328,171,132 the funds made available to it in the present fiscal year opened July 1.

The committee recommended $1,698,650,000 in cash and contractual authority for the maritime commission to permit construction of 541 cargo vessels and acquisition of 350 others to meet a serious ship shortage created at least in part by the lend-lease program.

Maritime Commission officials told the committee, in testimony made public today, that 100 American merchant ships have been or will shortly be withdrawn from domestic service and chartered to Britain for the hazardous Red Sea service.

Already 2,300,000 tons of shipping have been transferred to the lend-lease traffic in the north Atlantic, they reported.

LOCAL SENATOR AT SIGNING OF COMPACT BILL

State Senator Leroy E. Chapman, of this city, was in Harrisburg yesterday to attend the signing by Governor James of an act of the 1941 legislature authorizing Pennsylvania to join eight other oil-producing states in a compact to conserve fuel for national defense.

Senator Chapman was co-sponsor of the bill with Senator Thomas B. Wilson, of McKean county.

Also present for the signing of the bill were a group of oil men from Bradford area, including Parker Melvin, Hugh Grant, Clifford Martin and Harry Botsford, of the Associated Petroleum Industries of Pennsylvania. Charles Orr, secretary of the compact commission in the state of Oklahoma, also attended.

Under the act, the governor may serve himself or appoint a representative on the interestate commission created to carry out the pact.

The agreement was established in Dallas, Texas, in 1935 with the states of Texas, Oklahoma, New Mexico, Arkansas, Colorado, Illinois, Michigan and Kansas participating.

"The purpose of this compact is to conserve oil and gas by the prevention of physical waste thereof from any cause," the act states.

Each state agrees under the pact to enact or enforce laws to prevent:

1—Operation of any oil well with an inefficient gas-oil ratio.

2—The "drowning" with water of any stratum capable of producing in paying quantities.

3—Avoidable escape into the open air of wasteful burning of gas from a natural well.

4—Unnecessary fire hazards.

5—Excessive or improper use of reservoir energy in producing any well.

Boy Scouts to Aid In Aluminum Drive

Every Boy Scout in Warren and vicinity will be needed tomorrow in the borough wide aluminum drive, according to Calvin Hall, Scout Executive. With three of the local troops in camp and a number of boys away on vacations with their families it is essential that every Scout make himself available.

The Scouts are assembling, according to a letter of instruction from Scout headquarters, at Joseph Warren Park at 3:30 p. m. for special instructions and will go from there to the municipal building where the drive will start.

CONTINUE DRIVE ON LIQUOR LAW VIOLATION HERE

The campaign to clean up liquor law violations in Warren county netted a seventh victim yesterday, while one of four arrested on Sunday was sentenced in court here today.

Theodore Russell, alleged to be one of the operators of Stumble Inn in Pine Grove township on the WarrenJamestown road, was taken into custody yesterday afternoon by Constable S. J. Wallace and arraigned before Justice of the Peace T. Richard Evans on charges of illegal sale of liquor and illegal sale of malt beverages.

Russell peaded gluilty to both charges and provided $500 bail on each count for his appearance at the September term of court.

In court this morning, Judge D. U. Arird sentenced Frank Knaus, of Sheffield, to 60 days in jail and fined him $100 and costs. Knaus was arrested Sunday on charges of illegal sale of liquor and malt beverages.

DINNER IS HELD BY MERCHANTS AT OUTING CLUB

About 200 persons from Warren and vicinity were in attendance at a dinner and program of the Retail Food Merchants Association, held last evening at the former Outing Club.

After a delicious dinner, L. E. Fredrickson, secretary of the association, acting as chairman, presented Burgess R. W. Steber as toastmaster. Mr. Steber gave an interesting talk on the steady growth of payrolls and employment in Warren county.

Mr. Steber then introduced Gus Guckenberger and George Arbner, of New York City, who have an interesting and educational skit on the importance of displays and showmanship in business.

At the close of the program, dancing and a social time was enjoyed.

Post Office Warns Against Chain Mail

The Warren post office today called attention to the fact that mails in all parts of the country are being flooded at the present time with letters relating to so-called endless chain schemes soliciting defense savings stamps.

Patrons of the post office depositing in the mails matter relating to schemes of this nature were warned today that the sending of such matter through the mails is a violation of the postal fraud and lottery statutes.

Notices are served upon persons participating in such schemes whose names come to the attention of the Post Office Department requiring them to show cause why fraud orders should not be issued against them. Such orders forbid the delivery of any mail to the persons named therein.

Germany's War Heads for Storied Land of Iran

If Hitler's armies race through southern Russia and veer between the Black and Caspian Seas, they will be at the gates of oriental, oil-rich Iran, next door neighbor to fabulously wealthy British India. Nazi fifth columnists have been active in Iran, but the British are in good position to block the German drive at the two points shown on the map. Then there's the little matter of the Russian armies, which are still holding the swarming invader.

HAVE THAT ALUMINUM READY

Detailed plans have been announced for Warren borough's house-to-house collection of scrap aluminum for defense production during the next two days.

Those in charge have made an extreme effort to make certain that every household in the borough will be visited. That leaves it up to housewives in the homes to leave scrap aluminum in some convenient place where the collectors can secure it with a minimum of delay.

According to plans outlined by Burgess R. W. Steber and Fire Chief Douglas Kropf, members of the Warren County Defense Council, every housewife in the borough will be visited during the drive. Sections missed tomorrow afternoon will be visited Saturday.

Boy Scouts will solicit and collect aluminum contributions and deliver them to central points in the nine districts into which the borough has been divided. Trucks will then take the "scrap" to the bin at the north approach of the Hickory street bridge, where it will be deposited.

To assure the fullest co-operation with the committee in charge, all housewives are urged to pay particular attention to the following suggestions which have already been printed:

First: Have your articles ready so collectors will not have to wait while you rummage the attic or excavate the cellar.

Second: If you cannot be at home put your hardware on the front porch or other accessible place.

Third: All who are missed will be re-visited on Saturday morning.

Aluminum collected in the national campaign now under way will be used by a wide variety of defense purposes ranging from aircraft and battleship parts to equipment carried by the individual soldier, it has been stated by members of the national committee.

When aluminum donated by housewives reaches the smelters, the wrought ware, or best commercial type, will be separated from the secondary cast ware and the two types will be melted down separately.

After the aluminum is melted, it will be up to the army and navy to say just what portions of the resulting ingots can be used for specific defense items. The Office of Production Management, however, will see that all the metal donated is used in defense production.

The local chairman says the net amount of usable aluminum in the national goal would be enough to construct 2,000 fighting planes or 500 four-engined bombers —"possibly enough to have turned the tide in Belgium, Greece or Crete." Every 5,000 dishpans, 10,000 coffee percolators, 2,000 roasters or 2,500 double broilers will permit building of one fighter plane.

Help put Warren's aluminum collection campaign over the top by having your scrap pans, etc., ready for the Boy Scouts tomorrow afternoon and Saturday.

WAR CASUALTIES IN THE U. S.

Nobody doubts any longer that the United States is tremendously affected by the war in Europe. It now has begun to touch every phase of daily life.

But would you think it was actually causing traffic deaths? Col. John W. Bosworth, state police superintendent of West Virginia, says it is. Highway accidents actually increase in West Virginia with Hitler's movements, Bosworth says, and warfare in Europe is spilling the lives of Americans thousands of miles away from it. People feel uncertain and insecure, he thinks, and thus they grow careless and reckless.

It seems far-fetched, but there might be something to it, at that. It is surely true that the long months of uncertainty wear some people's nerves thin. Trying to pass that car ahead on a rising curve, however, will do Hitler no harm whatever; much more is accomplished by staying behind, arriving two minutes later, and being on the job the next morning instead of on a slab.

THE COOK OUT FIREPLACES

The love for eating outdoors has spread so far that many families in and around Warren have built fireplaces or cooking facilities in their back yards. The plain corned beef hash and the simple sandwiches are said to taste 100 per cent better when eaten under the trees with the singing birds overhead.

Father says it is just as good as transporting the lunch basket to some far away thicket by the side of the creek or river. It is one more sign of the desire of the women folks for variety. They may think that cooking and eating in the same spot seems rather monotonous, if you have to do it for 365 days, which makes it 1195 meals per year.

• EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, July 24—The Honorable Albert Benjamin Chandler, A. B., LL. B., Hon. LL. D., captain of the judge advocate general's department of the U. S. Army, ex-governor of the sovereign state of Kentucky and by grace of gubernatorial appointment and a special election, now junior senator from that great state in the 77th Congress, has just qualified as a statesman. He has successfully floor-managed a major piece of legislation through the upper house, and won the praises of his party chieftains.

It was no piddling little bill, either. It was the horrible "property seizure" bill—the bill that was going to cause such a storm of opposition, the bill that might split the country wide open. Senator Chandler jockeyed it over the congressional steeplechase hurdles in just four hours flat.

If all this form talk of the Senator Albert Benjamin Chandler pedigree confuses you a little, just recall that this entry is none other than the brash young colt who, from 1931 to 1937, was hailed by the hopeful voters as "Happy" Chandler. He is the young racehorse who ran in the 1938 race for U. S. senator, but whom Trainer Roosevet caused to finish in the place spot when the administration pinned its colors on "Dear Alben" Barkley.

But the wounds from the barbed wire fences of the political pastures heal rapidly, and here is Happy Chandler now, a full-grown stallion, harnessed with old horse Barkley to pull the administration bandwagon.

Happy—now 43—has been in the Senate less than two years. He was sworn in Oct. 9, 1939, after the death of Senator Logan. Happy hasn't said a great deal in those first two years. He has done a lot of listening, cornering a number of the older and wiser heads and trying to learn from them just how this Washington game is played.

On the Senate floor, Happy has been his usual grimacing, playboy self. He gave no appearances of taking things seriously. He wandered around aimlessly, whispering and wisecracking, or, setting himself directly in front of some spellbinding orator, he has looked up into the speaker's face, pretending to be awed, or else grinning so broadly that even the most orthodox stuffed shirt would suffer discomposure. Happy was, to outward appearance, the Senate clown, the first since Huey Long.

Happy's committees have been good ones for a freshman senator. Judiciary, Military Affairs, Privileges and Elections, Mines and Mining. He has worked on these jobs.

When the West Virginia senatorial succession case came up a few weeks ago, Happy was put in charge of the fight for Privileges and Elections Committee, and he carried it through. He won his first ribbon there.

The Senate needs fresh young leaders. Harrison and Sheppard have died. Byrnes has gone to the Supreme Court. Barkley and George have both been ill. Committee chairmanships are being shifted around. And so, casting around for new talent, the party fathers have apparently hit on Happy Chandler. He is a good luttonholer. He can talk to the gen-

Interesting Items Taken From the Warren Evening Times

In 1921

The Society Circus staged at the Armory lot Saturday by two committees of the Woman's Club for the benefit of the building fund, was pronounced a wonderful success both by the patrons and those who aided to "put it over."

Brick for the Conewango paving job is being hauled to the scene. Ten carloads will be needed for the stretch. Work of laying the curbing on the east side of the street is under way at present.

About the only excitement connected with yesterday's game on the South Side between the Independents and Smethport, was the unloading of the carnival from a siding across the road from the grandstand.

There are 165 harnessed flyers entered in the twelve events to be held at the fair grounds this week. In every class with three exceptions the list of entries range from 10 to 20.

The Warren Outing Club presented an animated scene Saturday, when it was invaded by over 200 knights of the grip and their ladies. About 75 members of Jamestown Council, U. C. T., were also present.

A concert was given by the Warren Victory Band in front of the Carver House last evening and was enjoyed by a crowd estimated in the thousands.

In 1931

Hundreds of lovers residing in Warren and vicinity enjoyed the most pleasing and entertaining concert given last evening by the V. F. W. Band, under the direction of Charles A. Clark from the porch of the commodious Elk club. Every available inch of parking space about the club was filled.

No easy time is expected for the Warren Pennsylvanians tomorrow when they meet the fast Dunkirk Blackbirds on the fair grounds diamond. It is expected that Art Johnson will hurl and Myron Jewell will do the receiving, while in the outfield will be found Bobby Burns, Bob Ritchie, Fitzgerald or Genberg.

With Captain Charles G. Pearson and his staff happy over the fact that the unit was leaving with 100 per cent enrollment, for the first time in many years, Company I, 112th Infantry, was given a send off upon leaving for Mt. Gretna on Friday that was reminiscent of the World War days.

The July issue of "The Hand Organ," published by Rex Hand, proprietor of the Keystone Printing Company, made its appearance this week as bright and breezy as ever.

The county commissioners have advertised for bids for a voting machine to be used in Sheffield. Two are necessary in the district, but one of the reserve machines will be used.

Little Liechtenstein Is Untouched by Aggression

HAS Adolf Hitler forgotten about Liechtenstein? Here are 65 convenient miles of independent territory in which 10,200 unregimented people live, lying between old Austria and Switzerland. Although a protectorate of Switzerland, it enjoys a good measure of independence.

Most Liechtensteiners believe, however, that 65 miles does not constitute enough "lebensraum" to interest the Nazi aggressors.

The ties between this country and Germany were very close prior to the Hitler regime. Most of the citizens attended German universities, admired their neighbor's progress in science and the arts.

One famous Liechtensteiner who studied in Germany was Joseph Gabriel Rheinberger, who was honored philatelically by his government in 1939 on the centenary anniversary of his birth.

Rheinberger was born in Vaduz, Liechtenstein, March 17, 1839. He studied at the Munich conservatory from 1851 to 1854 and in 1859 became a professor there. From 1860 to 1866 he was organist of the Michelskirche and then court conductor.

His best known works are "Die Sieben Raben," "Turmers Tochterlein," and "Christoforus." He also wrote 17 organ sonatas which broke away from the classical design of Bach. Rheinberger died at Munich in 1901.

A Washington Daybook

By JACK STINNETT

WASHINGTON—It was generally overlooked, but behind the President's recommendation to Congress for legislation to permit the President to establish regional or general daylight saving for all or any part of the year is a plan to circumvent one of the major political explosions of the whole of national defense legislation.

In World War I, Congress and the nation paused in its entire defense effort to wage one of its bitterest battles over whether we should or shouldn't have universal daylight saving.

Every time congressmen have made faces at the clock in the present defense effort, there have been little whirlwinds of criticism and debate all over the land.

Why?

Because the controversy over daylight saving is a fight between farm communities and the large urban and industrial centers. Even some of the most vigorous advocates of universal daylight saving will admit that the farmer has a justifiable gripe. And on the other hand, some of the outstanding opponents confess that daylight saving in some areas probably is a good thing.

It undoubtedly does save electricity. According to the Federal Power Commission, national daylight saving would conserve more than 736,000,000 kilowatt-hours a year. It gives the factory workers on one or two shifts more working daylight. For many workers, even those working overtime, it provides leisure daylight hours. These arguments are pretty well established.

* * *

Farm Routine Rigid

BUT what it does to the farmer is something else again. In farm communities, where the working day is from dawn to dark and there is very little waking time between, its saving in electricity (or oil for the lamps) is negligible. On the other hand, if the farmer tries to adjust himself to it, he finds that his stock won't go along with him. Chickens, cows, turkeys and pigs, eat and sleep by the sun—and the farmer regulates his hours accordingly. Also, dew doesn't come or disappear by any man-made time. And the hour when the farmer can go into the fields for working crops and for harvest is determined by summer dews. If he can't get there until noon by the clock, he has the further delay of stopping to feed the hired hands. Come supper time the farmer's "afternoon" is hardly half over.

At any rate, those are the arguments. They are the same used 23 years ago on both sides. There have been several bills on daylight saving pending in Congress for months. It looked as if none had a ghost of a chance, at least not without kicking up such a fuss that "national unity" would have looked like a free-for-all.

So what happens? The administration tosses in its own bill and if it isn't politically foolproof, it at least skirts the danger zones and leaves clear lanes in which administration leaders can argue down the most violent of the farm belt opponents.

* * *

Possible Exceptions

THE administration—backed by those powerful agencies of electrical power and national defense, the Federal Power Commission, the Department of the Interior, and the Office of Production Management—asks only that the President be permitted to determine in what areas daylight saving shall be installed.

The President's message to Congress, asking for the legislation, included the FPC's tables on possible power savings and the tables show that the least (far the least) saving would be effected in the plains states and the Pacific northwest. That includes a lot of farm land and a lot of farmers and the implication that daylight saving would not be so necessary in these areas is bound to shush a lot of bitter argument that came out in the first daylight saving fracas.

Some observers already are saying that the administration has turned up another legislative trump and an ace at that, for since 1918, the Battle of the Clocks is one no other administration has dared get mixed up in.

Letters to the Editor

Warren, Pa., July 21, 1941
Editor, Warren Times-Mirror,
Warren, Pennsylvania:

Dear Editor:

We are in the midst of a gigantic defense program whether we like it or not. Hundreds of young men have been removed from our community and concentrated in training camps. Our views as to the necessity or method of national defense may differ. However, what happens to these young men while away, remains our vital concern.

This year at camp will to many of these youth be their first experience away from home. The first experience away from home always means a crisis. Then as never before they will find themselves at the crossroads. And be sure that the wrong turn of the road will be made as attractive as the moneyed vice and subversive interests can make it.

Here the U. S. O. centers will present an alternative. Here leisure time can be spent profitably. Here will be found the men whose influence and example will contribute to his welfare. Here also will be available that counsel which he may be so in need of and that will help him in the right direction. Surely such a program merits the support of every thoughtful and conscientious person.

Sincerely yours,
JOHN C. BENGTSON,
Chairman, Warren County
Ministerial Association.

COLE HILL

Cole Hill, July 21—Mr. and Mrs. L. C. Pollard and Mr. and Mrs. F. H. York of Youngsville were visitors here Monday evening.

Kenneth Hulings of Tidioute has been helping Glenn Eastman do his haying.

Mr. and Mrs. Glenn Eastman and daughter Edna of this place and Mr. and Mrs. Charles Benedict of Ross Hill were guests Monday at Jamestown at the home of Mr. Eastman's mother, who has been ill but is better now. Edna stayed for a longer visit with her grandmother.

Miss Nellie Wentworth was a Warren visitor Tuesday. Enroute home she visited at the home of her brother Willis Wentworth and family.

Mrs. Fred McChesney and daughter Ula of Ross Hill, motored to Titusville, where they joined the Willing Workers Sunday School Class at Gresham, who motored on to Hasson Heights Park, near Oil City for a picnic dinner. They report a fine time.

Claud Strain and Miss Hazel Stroup of Titusville and Mrs. Fred McChesney and two daughters, Ula and Shirley and son Warren of Ross Hill, visited relatives in Clymen, N. Y., Friday evening.

The Misses Virginia and Mina Camp and George Glavis and Raymond Chelton of Clymer, N. Y.; Harold Martin of Cole Hill; and Mr. and Mrs. Pearl Christ of Corry were Sunday callers at the Fred McChesney home at Ross Hill.

Mr. and Mrs. Christ were former residents of Ross Hill and Torpedo.

Billy Shrout and LeRoy McNett of Titusville, called at the McChesney home Friday.

Milo Robishaw of Titusville was here Wednesday on business.

Word has come here to relatives that Howard Eastman who is in Camp Wheeler, Georgia, is getting along nicely.

Glenn Eastman who has been a school director in Pittsfield township, from Cole Hill, for fourteen years, has resigned. He had two years more to serve in his present term of office.

W. C. Leofsky of Garland will take his place on the school board.

Several from this place attended the Georgia Wildcat Show, held in the school auditorium at Tidioute Friday evening, and report a good time.

Miss Nellie Wentworth was a Youngsville visitor Friday, where she visited relatives and friends.

Mr. and Mrs. Frank Martin of Youngsville visited relatives at Mayville, N. Y., Saturday.

Joe Martin and Mr. and Mrs. Marion Bush and children, Mary and Billy Bush and Mrs. Rose Hormannan of Mayville, N. Y., were Sunday guests at the home of Mr. and Mrs. Frank Martin at Youngsville.

The Martin family were former residents of this place.

Mr. and Mrs. Charles Camp and children Charles Jr., and Frances of this place and Mrs. May Covell and daughter Doris of Ross Hill, were Sunday visitors at Aspinwall, near Pittsburgh where they visited William C. Martin, who is a patient in a veterans hospital there.

It rained here some on St. Swithin Day but the next day it poured and has rained here every day since except two days.

NEW YORK'S FIRST CIVILIAN DEFENSE TEST

Under the sponsorship of the British American Ambulance Corps, 420 Lexington Avenue, New York, the first civilian air-raid defense test in New York was staged at City Hall Park. The demonstration was conducted with the assistance of the American Women's Hospitals Reserve Corps using the latest type ambulances developed in the United States for use in Britain, Africa and the Near East. Here women reservists are preparing the interior of the new super-capacity air-raid ambulance designed for use in heavily bombed industrial areas. At left is an electric blanket which maintains a controlled temperature for the patient. The British American Ambulance Corps shipped nearly 500 mercy vehicles since the corps was organized in June, 1940. The units cost $678,650, all of which was provided by American contributors in every part of the country. The B. A. A. C. is also flying vitamin capsules to British children.

Tidioute Ceremony Unites Well Known Couple in Marriage

Garden flowers were used in pretty decoration of the home of Mrs. Marcia Morse at Tidioute on Tuesday evening when her daughter, Miss Alice A. Morse, became the bride of Loyal L. McAvoy, Tidioute member of Company I now stationed at Indiantown Gap.

Rev. Christie performed the ceremony at 7:30 o'clock in the presence of guests from Jamestown, N. Y., Erie, Titusville, North Warren, Warren, Clarendon and Tidioute.

As the bride entered on the arm of her brother, Floyd Morse, Mrs. Frank Kapp, of Tidioute, played the familiar Bridal Chorus from Wagner's "Lohengrin". During the ceremony, she played softly the hymn "Living for Jesus".

The bride chose white accessories with a street-length frock of powder blue and her shoulder corsage was of Talisman roses. Her attendants, Miss Lella Mae Paden and Miss Betty Summerville, wore California sheer and green crepe respectively, each with a shoulder corsage of pink roses. Shannon McAvoy, of Indiantown Gap, was best man.

For the reception which followed, Mrs. Morse wore navy figured chiffon. Patriotic decorations were carried out in red white and blue, with a lovely wedding cake forming the center for the bride's table.

Later, the couple left for a short wedding trip, the bride wearing a plaid silk suit of blue and a rose corsage. Mrs. McAvoy will reside at the Morse home for the present.

The bride-elect was honored with a picnic shower at the George Hariff cottage by Mrs. Otho Paden and Mrs. Lewis Garber, and with a miscellaneous shower given by Mrs. Frank Kapp.

Women of the Moose Entertain Official At Regular Meeting

Warren Chapter, Women of the Moose, held an interesting session on Wednesday, with officers meeting at 2:30 o'clock and committee chairmen at four, both gatherings being directed by Mrs. Goldie Bissell, official of the order from Jamestown, N. Y.

Senior Regent Hilda Anderson conducted the regular lodge session at eight o'clock last evening when the following new members were initiated: Mrs. Margaret Wilson, Mrs. Myrtle Sederberg, Mrs. Gladys Wenzel, Mrs. Mary Klenck and Mrs. Eloise Brownell.

The social service committee chairman, Mrs. Florence Stites, requested that each lodge member contribute at least two articles to the aluminum collection taking place this week.

Attendance prizes were awarded to Mrs. Esther Beach and Mrs. Gladys Wenzel.

Mrs. Bissell gave a fine talk on membership and spoke of the convention to be held in Warren in 1942. She read a letter, also, telling of activities at Moosehaven.

A tureen supper is planned for the next meeting on August 13, with Mrs. Anna Stigelmier as the chairman.

The ancestors of President Thomas Jefferson were Welsh.

DOROTHY SCOTT IS PARTY GUEST

Mrs. William Weaver and Mrs. John Smallman entertained Wednesday evening at the camp of the former on Wildcat Run, giving a miscellaneous shower to honor Miss Dorothy Scott.

At 6:30 o'clock a delicious picnic supper was enjoyed and the evening was spent in playing games and with singing. Miss Scott received many beautiful gifts for her new home from the following:

Mrs. William McCauley and Mrs. Frederick Aumer, of Irvine; Mrs. John Pedersen, Mrs. Clemens Anderson, Mrs. Lucille Smith, Mrs. Marie Scott, Mrs. Robert Weakley, Mrs. Mary Canby, Miss Alma Schwartz, Mrs. Ann Bonavita, Miss Frances Scalise, Miss Gladys Anderson, Miss Eleanor Font, Mrs. John Bevevino, Miss Sylvia Cardamone, Miss Bertha Korb, Mrs. Howard Jones, Miss Harriet Barnes and the hostesses.

BRIDE-ELECT IS HONORED AT PARTY

Russell, July 24—Friends and neighbors gathered Tuesday afternoon at the home of Mrs. Maude Poy to tender a miscellaneous shower in honor of Miss Edna Coan, whose marriage to Russell Kelley will take place in the near future.

Prizes for contests were awarded to Mrs. Agnes Hovas and Mrs. Nellie Wiltsie. Refreshments were served and the bride-to-be was presented with many gifts for her future home.

PARTY GIVEN FOR TWO ANNIVERSARIES

Russell, July 24—Mrs. L. E. Russell entertained fifteen guests at dinner at her home at 1:30 o'clock Tuesday afternoon to honor Mrs. Carrie Servoss, who will be 91 years of age on July 31, and Mrs. John Dayger, whose birthday occurred on July 6.

During the afternoon, Rev. L. W. Drury, of Warren, gave a splendid talk based on the 24th Psalm and, with his wife, sang a lovely duet, "Jesus Is Coming."

SHEFFIELD MAN HAS ANNIVERSARY

W. O. Skelton, of Sheffield, celebrated his 78th birthday anniversary with a dinner at the Bubbling Springs camp at Cherry Grove on Tuesday evening.

Guests were Mr. and Mrs. M. E. Russell and two daughters, Corrine and Diana, of Rochester, N. Y.; Axeline Johnson, of Sheffield; Albert Webster, Mr. and Mrs. Neil Skelton, of Warren.

Y. P. SOCIETY

The meeting of the Young People's Society of the Bethlehem Congregational church, scheduled for Friday evening, has been cancelled according to announcement made today. It will take place on July 31, instead, and young people of the First Mission church of Jamestown, N. Y., will be guests of the local unit.

EXPECTED FRIDAY

Mr. and Mrs. Hawthorne Daniel, of New York City, are expected tomorrow to be the weekend guests of Mr. and Mrs. Raymond W. Steber, Fifth avenue. Mr. Daniel, well known writer and lecturer, is speaking in the Chautauqua amphitheatre this evening at 8:15 o'clock on "Uncle Sam Returns to the Seven Seas."

REBEKAH LODGE PLANNING PIICNIC

The Lady Warren Rebekah Lodge will hold its regular session at eight o'clock Friday evening, when plans will be completed for the annual picnic. A social hour will follow.

HERE FROM WEST

Mr. and Mrs. J. F. Jennings and daughter, Miss Jeannette, of San Francisco, Cal., are visiting in Warren for a time and have registered at the Carver House. The Jennings family resided here about 35 years ago.

TO NORTH CAROLINA

Mr. and Mrs. Oscar Lawson, Mrs. Joseph Swanson and children, Miner and Gordon, of North Warren, with Mrs. Roy Larson, of Ripley, N. Y., have left for Greensboro, N. C., to visit Mrs. Larson's son, Fenton Larson, and family.

GO TO NEW YORK

Miss Mary Eastwood, of Westminster, Calif., and Miss Ruth Johnson, 119 Russell street, are spending the weekend in New York City.

Rockwell Class Is Hostess at Dinner In Honor of Teacher

The Rockwell Bible Class of Trinity Memorial Episcopal church entertained with a dinner party Wednesday evening at Panama Rocks to honor the birthday anniversary of its teacher, Miss Anna Rockwell.

Summer garden flowers were used in decoration of the dinner table, with yellow and white as a color scheme.

In addition to members of the class, the following guests were present: Mrs. A. C. Bagnall, of Warren; Mrs. W. E. Scott, of Washington, D. C., a guest of Mrs. Pinkney Wroth; Mrs. Clyde Reese, of Indianapolis, Ind., a guest of Mrs. J. C. Allen; Mrs. Clayburn Hooper, of Casper, Wyo., a former class member and guest of Mrs. Earl Stricker; Miss Lois Henry and Miss Dorothy Arnold, of Tucson, Ariz., here for the summer with their families.

Mrs. Eva Reardon, class president, and Mrs. Myrtie Hansen, vice president, were in charge of the arrangements for the evening.

Alpine Tournament Is Innovation For Country Club Women

An innovation for women golfers at the Conewango Valley Country Club is to be the "Alpine" tournament scheduled for next Tuesday and Wednesday.

Membership in both the men's and women's Alpine clubs is limited to those who have made par fives on the eighth hole at the local course.

Women who will participate in the tournament next week are Mrs. Gail Hamilton, Mrs. Harold Banghart, Mrs. John L. Blair, Mrs. David Beaty, Mrs. Edward Shiel, Mrs. Edward Walker, Mrs. Kenneth Bjers, Miss Betty Jane Branch, Mrs. Joan Blair Hoye and Mrs. B. H. McLachlan.

Three other Alpine members not participating are Mrs. S. W. Blackman, Mrs. John Siggins and Mrs. Passmore.

Several local women are in Erie today for a tournament at the Kahkwa Club.

In yesterday's two-ball, best-ball match Mrs. Banghart and Miss Helen Lauffenburger were first; Mrs. Hugh Jamieson and Mrs. John L. Blair, second. Mrs. Blair also won the prize for four hidden holes and the "A" link. The "B" link went to Miss Frances Lavery.

The match for next Wednesday will be a "scrip" tournament, in charge of Miss Lauffenburger, women's golf chairman for this season.

Home-Coming at the United Brethren to Have Guest Speaker

Special anniversary services will be held at the First United Brethren church on Sunday, July 27, the occasion of the annual homecoming and an event always marked by special features at all services.

Dr. U. P. Hovermale, secretary of the Home Mission and Church Erection Society of the United Brethren denomination at Dayton, O., will be the guest speaker.

The Daniels family, of Olean, N. Y., former members of the local church, will be present for several musical numbers.

All members and friends of the congregation are cordially invited to attend any or all of these services. The Sunday school session will be at ten o'clock, in charge of Chris Caldwell, superintendent; morning worship at 11 a. m.; Christian Endeavor societies at 6:30 p. m. and evening service beginning at 7:30 o'clock.

SOLDIER LEAVES

Private Harold Wineriter left today for Fort Sill, Okla., after a 15-day furlough at home. He was accompanied as far as Cleveland, O., by his mother, Mrs. Alice Wineriter, and his aunt, Mrs. Rachel Dickenson, who has been visiting relatives in Warren.

WYOMING GUESTS

Mr. and Mrs. Clayburn Hooper and son, of Casper, Wyo., former residents of Warren, are here for a visit, the guests of Mr. and Mrs. Earl Stricker, Redwood street.

EVERYTHING IN READINESS FOR CAMPAIGN HERE

Everything is in readiness for Warren's big aluminum drive, which gets underway tomorrow afternoon when Boy Scouts will aid other volunteers in a house-to-house collection of discarded pots and pans to be contributed to national defense industry.

The collection will start promptly at 4 o'clock tomorrow afternoon. An effort will be made to cover the entire town at that time, but any homes which are missed will be picked up on Saturday morning.

Also featured on Saturday will be a gala aluminum movie show at the Warner Bros. Library Theatre. At this show, scheduled to start at 10 o'clock, admission will be free to all those who bring some discarded aluminum utensil for the national defense collection.

Manager George Sarvis said today that a fine program of moving pictures has been arranged. All persons are welcome to this show regardless of age.

It was announced today that an aluminum movie show will also be held at the Utopian theatre in Sheffield on Saturday morning at ten o'clock. Harry Baldensperger, who operates the Sheffield theatre, also has planned a fine program for "kids" from 6 to 60 who attend. The price of admission there also is one discarded aluminum utensil.

Allen Gibson, chairman of the county defense council, said this afternoon that committees have been at work in every section of the county and that all are ready to start their intensive collection of aluminum tomorrow.

TIMES TOPICS

NIGHT PRIMROSES

Flower fanciers will be interested in a report that Mrs. B. H. Woodruff, of Pleasant township, is enjoying the second flowering of night-blooming primroses in her flower garden. The blossoms open about 8:45 o'clock each evening and, although not as large as those of the first blooming, are very beautiful. There are more than 20 of the flowers, it is said.

RESERVE OFFICERS

The Warren County Chapter, Reserve Officers' Association, will hold its regular meeting at the American Legion Home at eight o'clock tonight. Major T. W. McAllister will be present to show training sound films on first aid and the new mechanized cavalry units of the United States Army. This topic is of great importance to all Reserve Officers and all are urged to attend if possible.

NATURAL PRESERVATION

Meat can be kept without refrigeration or salt by Tibetan natives. Left outdoors, the juices are sucked up by the very dry air, making the flesh so dry it can be powdered, in which form it is kept for years.

LARGEST CAVE

Mammoth Cave, Kentucky, is the world's largest cave, with its three rivers, eight waterfalls, several lakes and more than 200 miles of galleries.

WPA reports during the last six months of 1940 it spent upon airports $12,354,005; the Army got $3,700,391, Navy $1,745,777, and civil airports $6,807,837.

BACKACHE, LEG PAINS MAY BE DANGER SIGN
Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Rydholm and Kiser Marriage on Monday

Leona Kiser, daughter of Mr. and Mrs. A. H. Kiser, and Fred Rydholm, son of Mrs. Johanna Rydholm, both of Warren, were united in marriage at six o'clock Monday evening in the Epworth Methodist church.

Rev. M. I. Harding, pastor, solemnized the rites in the presence of the immediate families. The attendants were Mr. and Mrs. D. E. Allen, sister and brother-in-law of the bride.

The bride was attractive in an aqua afternoon frock with white accessories and wore a corsage of Johanna Hill roses. Mrs. Allen wore a sheer blue dress and white accessories and her corsage was of Briarcliffe roses.

An informal reception for the immediate families was held at the home of the bride's parents following the ceremony.

Later, the couple left for a wedding trip to Washington, D. C., and other points. They will be at home after July 29 at 515 East street.

Mrs. D. E. Allen is to be hostess on Tuesday evening with a shower party in honor of the bride.

Frances Arrigo To Become Bride Soon

Mr. and Mrs. Philip Arrigo, of Clarendon, have announced the coming marriage of their daughter, Frances, to William Rhodes, son of Mr. and Mrs. Walter Rhodes, of Warren R. D. 1. Although no definite date is given for the wedding, it will take place in the near future.

The news was told to friends at a party given by the Arrigos at their home, when the bride-elect was showered with pretty gifts for her future home and refreshments were served.

Guests were Mr. and Mrs. Frank Montore and family, Mr. and Mrs. Dominick Praino, Mr. and Mrs. Barbera and family, Mrs. Sam Pusateri and family, Mr. and Mrs. Frank Gruttaria and family, Mr. and Mrs. Peter Yagge, Mr. and Mrs. Walter Rhodes and family, James Sparco, Mr. and Mrs. Tony Murano and Mrs. Frances Pulli.

Olean Girl Bride of Ralph William Seely

Mr. and Mrs. Charles H. Conrad, 145 North 8th street, Olean, N. Y., have issued announcements of the marriage of their daughter, Janet Aileen, to Ralph William Seely, of Warren.

The ceremony was performed on Monday of this week in the Conrad home by the Rev. Whitney M. Trousdale, pastor of the Olean Presbyterian church.

Luncheon, followed by a reception, was held at The Cogswell for 40 guests, after which the couple left for a Canadian wedding trip. After August 1, they are to be at home to their friends in Warren, where Mr. Seely is employed by William F. Crossett, Inc., at Stoneham.

The bride is a graduate of Olean High School and of Westbrook Academy.

FAREWELL DINNER FOR RICHARD KERVEN

Forty-five employes of the New Process enclosing, stamping and sorting departments gathered at the Y. W. C. A. activities building Tuesday evening for a six o'clock dinner in honor of Richard F. Kerven, who will leave for army service on July 28.

Group singing was enjoyed throughout the evening and special numbers were given by Tony Fazio, accompanied at the piano by Miss Katherine Barber, and Miss Ella Akeley, with the same accompanist.

Following dinner, Melvin G. Keller, head of the mailing department, gave an interesting, informal talk on army life and his experiences in the first world war, after which he presented the honored guest with several gifts from the group. Mr. Kerven responded with his thanks for the gifts and good wishes.

ENTERTAIN AT LAKE

Mr. and Mrs. D. L. Baldensperger, 13 Rollins street, entertained with a family muskellunge dinner Sunday at their summer home on Lake Chautauqua. Guests were brothers, sisters and mother of the host, from Warren, and an aunt, Mrs. Lena Jones, of Russell. A pleasant afternoon was spent in boating and swimming and the wish was expressed that the gathering might be an annual affair.

MOVING TO NEW HOME

After residing in the Seventh ward for the past thirty-five years Mr. and Mrs. John C. Hartmann, of East Wayne street, are moving this week to a new home in Water street. Both Mr. and Mrs. Hartmann have been active in social circles on the South Side and will be missed by their many friends, who extend best wishes to them in their new home.

The leading lines of gainful employment in Alaska, says the Census, are the production of minerals, hunting and trapping, and the operation of fisheries. These industries accounted for 5,002, 4,117 and 4,089, respectively, of the total of 30,308 persons in Alaska reported as having gainful occupations. Of the 4,117 hunters and trappers, 246 were women.

TEMPERS FLARE WHEN NORTH PASSES GAME DEMAND BID

By WILLIAM E. McKENNEY
America's Card Authority

From Harry G. Stracks of New York City comes this amusing story of a hand that turned up in a rubber bridge game.

North-South were vulnerable, with 60 points toward the rubber game. South picked up his rock-crusher hand and bid two spades. North looked unhappily at his cards, then at the score, while South glared at him. Finally North passed.

Then the fight began, "How can you pass a game demand bid?" said South. "But two spades is enough for game" North defended himself. "That has nothing to do with it," raged South. "I can pass under game if I want to, but it is your duty to respond after my opening two-bid."

Even after dummy went down, South continued to fume "Here goes a vulnerable slam right out the window."

But North got back some of his own when South proceeded to make just two-odd on the hand, losing a heart and four spades. By double-dummy play he could have made three odd, losing only three trump tricks, but we echo North's assertion "It was mighty lucky for us that we had 60 on game, so that I could pass your two-bid!"

HEARTBREAK HONEYMOON

by WATKINS E. WRIGHT

Chapter 25

Tommy Starts South

TOMMY closed his eyes for a moment. And he pictured Luella strolling along the sun-washed sands, the wind blowing her hair, whipping her skirts about her. Luella and Florida! . . . Florida and Luella. What a wonderful combination!

He'd do it! He reached for the telephone, and dialed the number of his employer. Thank the Lord, Martin Greenwood was at his office. Thank the Lord, he had said he wanted to go over some accumulated data on radio stations in other parts of the country.

"Hello?" Tommy said, when a voice answered the ring. "That you, Mr. Greenwood?"

"Yes," came the reply. "But—"

"Don't get excited," Tommy laughed. "This is Tommy McIntyre."

"Oh, hello, Tommy!"

"You shouldn't have told me you were remaining in the office," said Tommy. "But since you did, here I am, and I've got something very important to talk about. Can you spare me a moment or two?"

Mr. Greenwood chuckled. "Of course, Tommy," he said. "Go on."

"I want to leave on my vacation right away," said Tommy.

"Well, I'll be—!" said Greenwood. "Calling me at this hour to—"

"It's important," said Tommy. "You know I've been hanging on for over a year now without getting away, and—and—well, I sort of feel a nervous breakdown coming on."

"Nonsense! You're the healthiest-looking man in Manhattan."

"Maybe so . . . but sometimes appearances are deceptive."

"What do you call 'right away'?" Mr. Greenwood asked.

"Monday morning," said Tommy.

"Good Lord, man, that's mighty short notice."

"Yes, Mr. Greenwood, I know, but—"

"Wait a minute!" Mr. Greenwood said suddenly. "Maybe you can be spared, that is if you're willing to combine a little work with your pleasure."

"Now, listen, Mr. Greenwood," Tommy protested. "A vacation is a vacation. I want to go down to Florida, lie in the sand, and soak up a lot of sunshine. I want to watch the waving palms. I want to do some fishing. I want—"

"Stop it!" Greenwood laughed. "You talk like a Miami advertising circular. So you want to go to Florida?"

"Yes. On Monday morning."

"Okay!"

"Meaning you'll grant my vacation now?"

"Right. On one condition."

"I was afraid of that."

"Afraid of what?"

"Of a catch of some sort."

"No catch at all, my boy," said Mr. Greenwood. "Go on down to Florida, and have a vacation. You deserve it. All I want you to do is do a bit of investigating, in a leisurely sort of way, mind you—keep eyes and ears open, and see how things are with some of the broadcasting stations down in that neck of the woods. Just a matter of routine, that's all. Now that we're making a lot of recordings—especially serials for broadcasting in weekly installments, I like to know just what's back of the stations throughout the country, financially, and all that. Get it?"

"Yes, sir!" said Tommy. "Thanks a lot!"

"You don't mind mixing this investigation with your vacationing?"

"Not at all," said Tommy. "I'm so darned used to work, come to think about it, I'll probably enjoy myself more. I'm keen about those recorded serials, you know that; so I'll certainly keep my ears and eyes open."

Tommy hung up. His heart was singing. For once in his life of thirty-odd years he had gotten a break! He did a couple of complicated dance steps around the room, and then dropped down into a chair. He lit a cigarette—smiled at the wall facing him.

Away from New York, away from all the rush and the noise and the worry that went toward making up a city that could be beautiful at times, and hideous at others. Sunshine and palms. . . . Long white beaches . . . and Luella.

He could see her—almost hear her. Luella, sweet—adorable—living in his little cottage. . . . "And to think," he told himself, "I kept trying to persuade Marie to marry me!"

Sweet Place

LUELLA reached Miami Sunday morning, and lost no time in getting out to Tommy McIntyre's cottage. The keys were in an envelope in her purse. Tommy had handed them to her at the Pennsylvania Station.

"Make yourself completely at home, Luella," he had said. "And try not to feel too badly over all that's happened. I'll be thinking of you—even praying for you." He grinned. "That is, if you think the prayers of an old sinner like me will be any good."

"Thank you, Tommy," she had replied. "You're a dear to do all this for me, and I'll try to find something to keep me busy. You know that's a perfect way to keep from brooding or experiencing self-pity."

"You'll find plenty to do, all right!" said Tommy. "The cottage has been unoccupied for a long, long while, and it's probably thick with dust and festooned with cobwebs."

"Splendid!" she had exclaimed. "Cobwebs and dust are my meat! Housekeeping is the one thing at which I excel, in case you didn't know."

"You excel at cooking also. Don't forget that."

"No, I won't. Housekeeping is in my line, but keeping my home isn't, evidently." She had paused, thoughtful. "I wonder now if the old-fashioned qualifications for being a wife and making a home really count for anything at all, Tommy. Glamor, the ability to say smart nothings, play bridge for high stakes, wear clothes like a movie actress, and all those things seem to be more important nowadays."

"Cut it, Luella!" Tommy had said sharply. "And speaking of cooking, I wish I was going to be near enough to drop in now and then for a mess o' fried chicken and candied yams."

"So do I," she had said. Then: "I'm going to miss you, Tommy. . . . You've been grand to me."

"I'm going to miss you, too, Luella—like hell!"

And now Luella was unlocking the front door of the cottage, opening it, entering. Sweet place, she thought. But Tommy had been right. There were cobwebs, and dust—plenty of both. Thank God, for that! She was going to be busy, terribly busy.

And work—cleaning up the cottage, putting it into an attractive living condition—was going to be a life-saver. She raised shades, opened windows, let in the sunshine and the sea-breeze. She went on a tour of inspection.

The cottage was snug and cozy and colorful. There was a combination living and dining room, two small bedrooms with a bath between. And a kitchen! The cutest sort of a kitchen. And it opened upon a diminutive back porch, a back porch that begged for some geraniums in empty tomato cans, like her Aunt Lila used to have, and a vine to climb the posts.

"I love it!" said Luella, half aloud.

Heartbreak

SHE found dimity curtains in a chest in a closet, she found table clothes, bed-linen—everything she needed to set up housekeeping. Then, as the word housekeeping came to her thoughts, she remembered the apartment in New York—that place she had worked so hard to make comfortable and attractive, a place where her tired husband could come at the end of a busy day.

Tired husband, indeed! And did he stay in the home she had worked so hard to make comfortable and attractive? Not so's you'd notice it, he didn't.

Oh, no, he rushed off to write radio songs with a glamorous and beautiful radio star! No time for home. Just a place in which to grab a bite to eat. No time for a wife. She was just a human automaton who was there to light the gas, whip up a cake, make a salad. Husband . . . wife . . . home. . . .

Suddenly she turned and ran from the cottage. She headed for the beach. Down there she stood watching the blue-green waves breaking upon the unbelievably white sand, watching the palms sway gently in the breeze. And she thought, "Here endeth the first lesson!"

Sinking down upon a sand dune, she toyed with a piece of shell, and frowned. Funny thing, this business of the association between a man and a woman. Take Henry and herself, for example. They'd started out so beautifully, and look at them now. Henry in New York. She in Florida. A divorce pending.

She asked herself if she had made a mistake in giving up so soon. And she said that she had not made a mistake. Had she been fighting a woman who was beautiful and with whom Henry was infatuated—just that alone—she might have won out.

But she not only had to fight a woman who was beautiful, but a woman who lived and worked in a world of excitement—a world Henry wanted to get into. If she had merely had to fight the woman who was beautiful and with whom Henry was infatuated, she could have made herself more and more beautiful, fought the woman—and maybe have won out in the end.

But what could she do when Henry was not only showing signs of being in love with Marie Mason, but was also determined to become a part of the world in which Marie lived and worked? You couldn't fight a situation like that, Luella argued.

No, the cards had been stacked against her. . . . She had done the right thing, in leaving New York.

Sugar Grove

Sugar Grove, July 22 — The directors of the Sugar Grove Community Fair met and organized as follows: President, Frank LaVigne; vice president, J. Albert Johnson; secretary, T. R. Sponsler; treasurer, F. A. Schoonover. Among the special features of this year's fair will be the horse show on Saturday, and an evening amateur show. The dates of the fair are September 11, 12, 13.

The Wimodausis Class met Friday afternoon with Mrs. Margaret Woodside, with eleven present: Mrs. Arthur Stauffer presided at a short business meeting and presented the program. Readings were given by Mrs. John Mahan and Mrs. John Bruce. Three new members were received into the class. A social time with cafeteria lunch completed the afternoon.

Miss Ruth Abbott was guest at a family dinner party Sunday at Sharpsburg in honor of Mr. and Mrs. Robert A. Wick upon their return from their wedding trip. The bride was Blanche Campbell, of Sharpsville, a roommate of Miss Abbott at Grove City College, and the ceremony took place at Tucson, Ariz., July 4th, with Rev. Helen Toner officiating. Miss Toner was also a friend of the girls at the college and has lived the past two years in Arizona on account of her health. Friends here will be glad to know her health is somewhat improved.

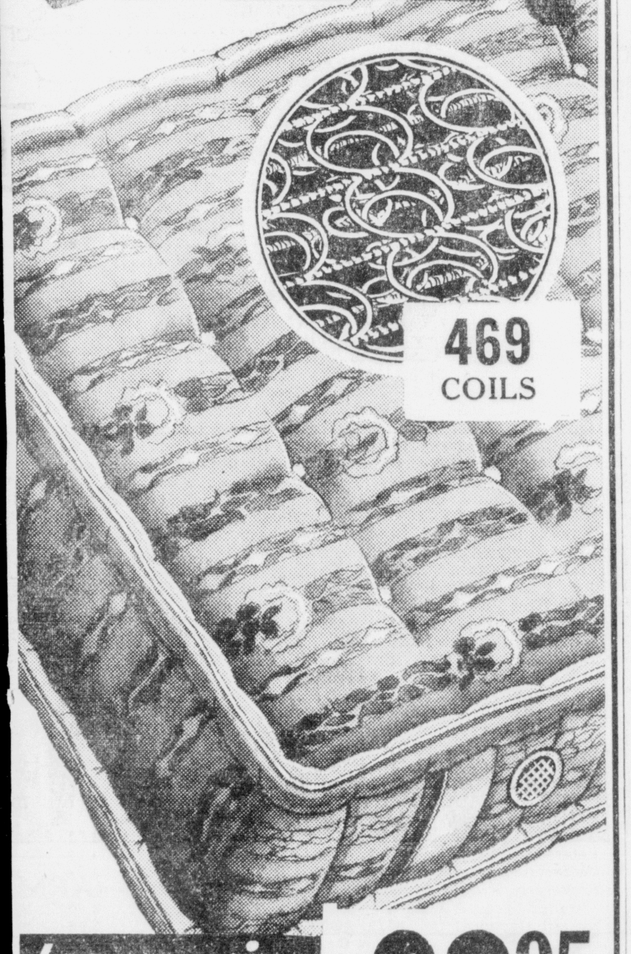

Milton McLallen will fill the pulpit in the Sugar Grove Methodist church next Sunday.

INDIAN BELIEF

Indians of the early days spared the lives of chipmunks because the animals were thought to be responsible for healing herbs and roots.

The honey crop of the United States normally amounts to 80,000 tons a year.

Action in the East: German Pictures of German Victory

FIRE rages through a little Russian town as conquerors stand by ready to enter when flames die down. Soldier in foreground carries hand grenade for use if any resistance still remains.

NEST of death shelters this German reconnaissance squad lying behind debris and raking the street of a Soviet village with machine gun fire. Brick wall is marked by countless shells.

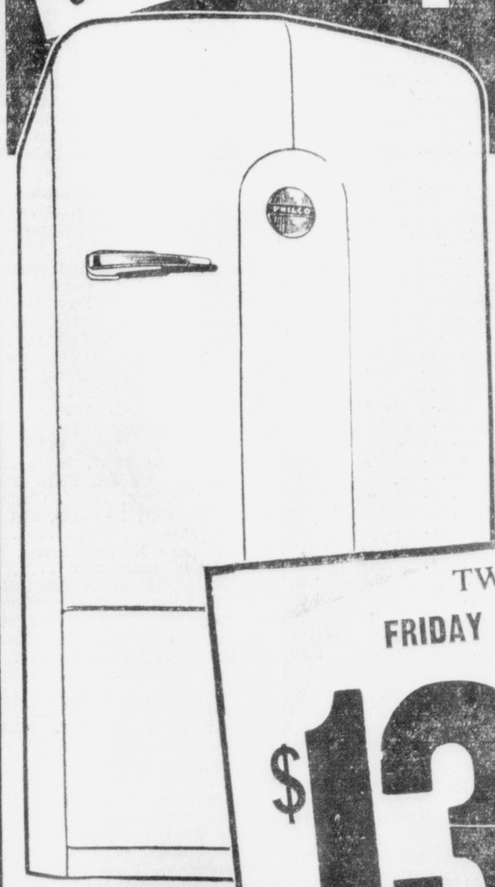

WARPLANES once, these Russian planes will fight no more. German dive bombers attacked their air field. Shown here are destroyed by bombs and machine gun fire.

MARCH is the order for these German soldiers trudging along toward the front. Note facial expressions. German army is highly motorized, but the boys still march plenty.

TREASURER'S SALE OF SEATED LOTS AND TRACTS OF LAND

In compliance with and by virtue of the authority vested in me by the several acts of assembly, and specifically by the act approved May 29, 1931, P.L.280, as amended by the act approved June 20, 1939, P.L.498, and other amendatory acts, authorizing and empowering the county treasurers to sell at public sale all seated lands upon which taxes levied by authority of any county, borough, town, township, school district and poor district are delinquent and remain unpaid, and fixing penalties, etc., I will sell at public sale the following properties as hereinafter set forth.

The purpose of said sale is to enforce the collection of delinquent taxes, penalties, interest and costs thereon as the taxes were returned for the year 1939 and prior thereto. Said sale will be held in Court Room No. 2 at the Court House in the Borough of Warren, Warren County, Pennsylvania, on

MONDAY, AUGUST 4, 1941
At 10 o'clock A. M., E. D. S. T.

TERMS OF SALE: As soon as property is struck down, payment of the amount of purchase money, or such part thereof as is necessary to pay all taxes, penalties, interest and costs in each case, will be required from the purchaser. In event said amount is not paid forthwith after the property is struck down, the sale will be avoided and the property immediately offered for sale again by the Treasurer. No bid will be accepted for less than taxes, penalty, interest and costs.

If a bid is in excess of said amount, the purchaser will be required to make and execute to said Treasurer for use of the persons entitled a bond for the surplus money that may remain after satisfying and paying all the taxes and costs as aforesaid.

The following list includes only the taxes due to the respective taxing authorities within Warren County which have notified the Treasurer of their rejection of the provisions of the act of May 1, 1941, Act No. 17 of the Acts of 1941.

To all persons, owners, or reputed owners of property, terre tenants or any claiming an interest in the following described lots or tracts of land: You are hereby notified that your property situated in the borough or township as hereinafter described has been returned for non-payment of taxes for the years designated, and unless such taxes and costs are paid on or before Monday, the fourth day of August, 1941, at nine o'clock A. M. Daylight Saving Time of said day the said premises will be sold as above set forth.

Brooklyn Beats Riddle With Ninth Inning Rally, 5 To 4

Elmer Loses First; Yankees Win Again Over Troubled Tribe

By JUDSON BAILEY
Associated Press Sports Writer

The Brooklyn Dodgers have solved the Riddle, heretofore known as Elmer, the unsolved, and have given the Cincinnati Reds their biggest shock since the New York Yankees swept the 1939 world series in four straight.

The young righthander had won 11 games without a defeat this season and become a symbol of hope for the beleaguered National League champions.

Last night, while a crowd of 30,000 at Crosley Field whooped in glee, Riddle gained a 4-0 lead over the groggy Dodgers in the first five frames and looked unbeatable. Then with two resounding salovs Brooklyn came from behind to crush him 5-4 and continue the first place deadlock in the senior circuit.

Frank McCormick, last year's most valuable player in the National League, was knocked out by one of Kirby Higbe's fast balls which struck him on the head, but an examination at a hospital showed he had received only a mild concussion and might be able to appear in the lineup tomorrow and preserve his "iron man" string of 549 consecutive games.

The victory checked a Brooklyn skid just in time for the St. Louis Cardinals nosed out the New York Giants 5-4 in a 12-inning thriller earlier in the day in an effort to gain exclusive possession of first place. Lon Warneke held the Giants to two hits for eight innings, but the New Yorkers caught up with him in the ninth and tied the score. However, the Redbirds punched across the winning tally in the 12th on a pair of singles by Frank Crespi, and Estel Crabtree.

Vince DiMaggio doubled with the bases loaded in the fourth inning of a night game to boost the Pittsburgh Pirates to a 5-2 victory, over the Phillies and put the Buccaneers in a challenging spot, one game behind the fourth-place Giants.

In the other National League game, Dick Errickson's seven-hit hurling brought the Boston Braves a 6-1 triumph over the Chicago Cubs.

The New York Yankees conquered the Cleveland Indians again 3-2 to draw nine games out in front of the American League pennant race, so called. Marius Russo limited the Indians to five hits and Joe DiMaggio and Charley Keller each hit home runs.

The Chicago White Sox went on a rampage and whipped the Boston Red Sox 10-4 with a 17-hit bombardment.

A two-run homer by Frank Hayes helped the Philadelphia Athletics nudge the St. Louis Browns 5-4 and move within one percentage point of fifth place Detroit Tigers, who were humbled for the 10th time in 14 meetings by the Washington Senators, 6-1. Both were night games.

TONY ZALE IS WINNER BY K. O. OVER HARRIS

Chicago, July 2—(AP)—Ossie (Bulldog) Harris of Pittsburgh was one guest who didn't have a good time last night at Tony Zale's anniversary party.

The Gary, Ind., dynamiter, recognized by the National Boxing Association as the middleweight champion, celebrated a year's reign as the titleholder by knocking Harris out in the first round of a scheduled 10-rounder in the Chicago Stadium outdoor arena. The non-title fight attracted 3,800 customers.

The 1940 census shows Alabama with a population of 2,830,285 as compared with 2,646,248 in 1930.

OVERTIME GAME IN CITY LOOP WON BY CASEYS

The Knights of Columbus bounded back into a deadlock for first place in the second half play for the City League softball title last night with an eleven inning victory over the Elks Club by an 8-6 count.

Harry Wooster did the tossing for the winners and Harry Christensen pushed them across for the Elks.

Warnie Check banged away at the plate and slammed a home run in the third inning for the Elks. Until the eighth, it seemed to be a conquest for the B. P. O. E. representatives, but a two run rally by the Caseys tied the score. Two more in the first half of the eleventh were too much to match for the losers, and, aside from one single, the Elks did not threaten in the last half of that canto.

MARCONIS PLAY EAGLES TONIGHT ON IRVINE LOT

In a game that wasn't arranged until yesterday, but which should have the interest of every loyal local baseball fan, the Marconi clubbers and the Eagles will tee off tonight on Wilder Field, Irvine, at six o'clock.

The Marconis own one victory over the Eagles, but since that time the latter aggregation has strengthened its lineup to some extent.

The Eagles, made up majorally of Sheffield players but playing out of Warren, will send Paulie Rogers to the mound and Sam Savoia, who was first string catcher for the Oil City Pirates earlier this season, will do the receiving.

For the Marconi Club, it is expected that Floyd or Jack Kifer will draw the starting assignment, and Chuck Lawson is scheduled to be behind the bat.

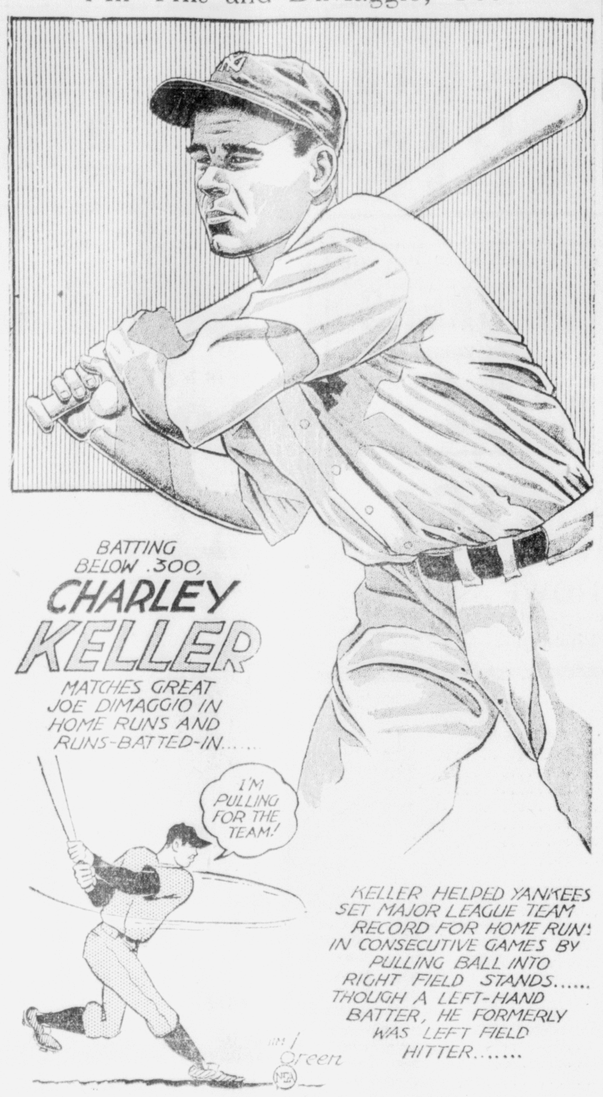

There will be no admission but any and all fans are welcome.

MUSHBALL TONIGHT

The First Baptists and the Grace Methodists meet tonight at six o'clock on Beaty Field in a Church League softball game.

All This and DiMaggio, Too

BOOKIES NO LONGER WELCOME ON COURSES

Chicago, July 24—(AP)—Tom Walsh, president of the Professional Golfers Association, has tacked up a "not welcome" sign for bookmakers by the P. G. A.

The blast against gambling [illegible] out on a golf course was advertised at the Chicago Open last week-end. P. G. A. officials were infuriated to see a sign—"place bets here"—near the ninth green.

Walsh said he would present a motion to the P. G. A. executive committee designed to bar all such books from pro meets.

KOVACS BEATEN IN SEA BRIGHT TENNIS TOURNEY

Sea Bright, N. J., July 24—(AP)—The path to a former singles championship in the Sea Bright Tennis Tournament has been smoothed considerably for Bobby Riggs—thanks to a player who never has beaten Riggs and who thinks Bobby still is the top man in the business.

The helpmate is Gardnar Mulloy, who scored the biggest upset thus far in the 54th annual tournament yesterday by eliminating Lanky Frank Novacs, the reformed "clown prince" of tennis, 3-6, 7-5, 6-4.

Kovacs was Riggs' opponent in last year's final.

Mulloy now is considered a strong favorite to reach the semi finals. Today he meets Ladisav Hecht, the former Czechoslovakian Davis Cup star.

Riggs will face young Jack Kramer. If all goes well, Riggs and Mulloy will lock horns in the semi-finals.

The other men's quarter-finals today pit top-seeded Don McNeill against Ted Schroeder and Frankie Parker against Wayne Sabin.

Public srevants in many small townships in the United States are able to carry on the administration of governmental services in conjunction with private employment. In townships under 10,000 population, Census estimates show that over 80 percent of the nonschool employees are on a part-time basis.

SPORT SPATTERINGS

It looked for six innings Tuesday night as though Warren softball fans were about to see the first no hitter ever recorded in local efforts, when Young Vito Greto, Boys' tosser, held the Elks without a safe bingle, though he was free enough with the passes to first base to force two runs across. However, the Elks broke the spell and finally managed to pole out four safeties. But, Greto, we'd say, if anyone is going to whip the overstuffed baseball across unmolested for nine innings, is going to be the chucker to do it some day. He's only fifteen, and still pretty wild. But the kid has speed, and our only regret is that he isn't a baseball pitcher. Because the way he looks now, he'd be a cinch to be added to the line of local sons to climb the ladder toward fame and the big time. What Vito could do with a hard ball, we can't tell. But he certainly can toss a commendable softball game; that we can tell.

They've argued for years on this old saw, but it's still good for a paragraph in this corner. Many experts claim pitching is 75 per cent of the game of baseball, but we're with the many who think differently. Perhaps years ago, pitching was what the veteran experts still claim it is. But today there is so much proof that shatters their contention, that we hold a good power team is better than a team with the best pitching staff in the nation. For instance, here's your Cincy Reds with Walters, Derringer, Vander Meer and Co., some of the finest hurlers in present day ball, yet the Reds, though they were out in front last year and the year before, aren't even looking like champs this campaign and why—because they aren't getting hitting. Now then, the Yankees are an example of the power team. Except for Ruffing, and he isn't what he once was, no matter what they say at times, the Bronx Bombers have only average pitching, sometimes they don't have that. But any fair-to-do hurler can win ball games with artillery behind him like the DiMaggio and Keller cannons, and a better than average lot of hitters in Joe Gordon, Sturm, Rolfe, Dickey, Rizzuto, and Henrich. We say nine good hitters can spoil the best pitcher's afternoon, and will the majority of the time. This was shown when the Yanks blasted Feller this week.

When Walters and Derringer have been losing ball games because the opponents got three or four runs, just remind yourself that often times the Yankee opposition, or that of the Red Sox, Indians or Tigers, just as often get as many, but the pitchers on those outfits don't lose because eight other men are outpunching the other pitcher and the Yanks, etc. come through with from eight to eighteen in most cases. Certainly, with a record of 35 victories in 41 games behind the New York Americans, one must admit that in this day of the national pastime it's basehits that count, and that good batters are the most important thing for any team to possess. Good pitchers may be able to hold the heaviest hitting team at bay once in awhile, but they're bound to break lose occasionally. And a few good pitchers aren't enough to hold a power team down over a period of six months of play. So the swingers are the stingers and rate this corner's vote for being the key men in current baseball. If we had a team, we'd like nine DiMaggios instead of as many Fellers, unless we had eight DiMag's playing on Bobby's team . . . that would be Utopia!

Near Finals in "Y" Tennis Tournament

Back from his vacation and cleaning up loose ends at the Y. M. C. A., Physical Director Ed Hasler today announced the present standings in his tennis tourney which has run well overtime and still is incomplete.

Bad weather has played a major part in the delay, but Hasler is requesting that all remaining matches be completed by the end of July so that his big tennis tourney, probably a city affair, may get under way.

Only one match remains in the class B singles, that between Phillips and Summerville for the championship. In class A, Highhouse meets Amy, Conroy meets Yerg and Dick Ross has worked his way into a place in the finals. Winners of the class A matches will play for the right to meet Ross.

Annual production of caskets and coffins in the U. S., says the Census Bureau, exceeds 1,300,000 units; of these, about a million are wooden and the remainder metal.

No Compromise Over Removal of Limitations

(From Page One)

to the Senate committee General George C. Marshall, army chief of staff, told the house military committee yesterday that in his opinion congress should solve the problem of removing time restrictions on citizen soldiers by declaring a national emergency because that was the method set up in the selective service act.

Marshall appeared before the House group in both open and closed sessions to discuss the need for extended service. Out of the closed session came a report that he had testified that three South American nations were faced with possible Nazi uprisings.

Committeemen through whom the information was made public said the focal point of possible trouble was Brazil and that other centers of possible Nazi strength were described as Bolivia and Colombia.

Further, Marshall was reported to have told the committee that he feared Russia might soon fall before the German army and Hitler thus might obtain Russian air bases along the Bering Strait.

Warships Reported Off Coast

(From Page One)

impose sweeping economic restrictions on Japan, paralleling possible British military action to offset the threat against their Singapore naval base and the Netherlands East Indies which would be created by establishment of Japanese bases in southern Indo-China.

That the occupation was imminent if not actually underway already was indicated by dispatches from Saigon, French Indi-China.

Well-informed sources there said Japanese warships had appeared off Cap St. Jacques and Camranh Bay and that 12 Japanese transports were en route to Saigon from Hianan, Chinese island off the Indo-China coast.

Camranh Bay is a naval base on Indi-China's southeast coast and Cap St. Jacques dominates the mouths of the Saigon river by which ships reach Saigon.

Foreign consulates there said today their representatives in Hanoi had been advised by the Indo-China government of a French-Japanese agreement granting the Japanese certain naval and military concessions in the southern part of the colony.

The Saigon sources also said the agreement had been reached July 19. Apparently this was an agreement of principle on the concessions to be made but one which left details to be worked out, presumably by representatives of the two powers in Hanoi.

Diplomatic quarters heard, meanwhile, that a formal announcement of the agreement would be made next Monday. At that time, it was expected, the nature and extent of the concessions probably will be known officially.

Such concessions have been regarded as possibly foreshadowing Japanese military expansion southward toward Singapore and the East Indies, with their rich resources of rubber, tin and oil.

The Chinese military intelligence officer at Chunking, China, told foreign correspondents that thirty Japanese troop transports convoyed by three warships were observed sailing southward past Hongkong, on July 18, in the direction of Indo-China. In addition, he declared seven heavy Japanese warships, three aircraft carriers and 55 destroyers were sighted moving southward from Japanese waters Tuesday.

At Shanghai today foreigners who had booked passage for Japan on the Kobe Maru were halted at the gangplank and told that travel been stopped for an indefinite period. However, 500 Japanese were permitted to go aboard. A similar ban also was invoked at Dairen—apparently to prevent foreigners from seeing Japanese ship movements.

Singapore circles heard reports that authorities at Hanoi had ordered all French merchant ships to remain in Indo-Chinese ports or proceed there immediately.

As for demands made, Vichy admitted only that the Japanese had asked the right to take military measures because of alleged military developments along the British colonial and Chinese frontiers of Indo-China, which Japan has guaranteed to defend.

London, meanwhile, disclosed far-flung military preparations at Singapore and other British Pacific outposts, readying them for any eventuality with reinforcements of Royal Air Force units. British sources expressed confidence, moreover, that as a result of continuing close consultation the London and Washington governments were prepared to take any measures necessary.

While gravely concerned State Department officials in Washington watched the situation without public comment they were known to have planned for several months economic measures for use when and if Japan went against repeated United States protests and warnings to further upset the status quo in the Pacific.

Whether the crisis would spread, appeared to depend on how quickly the Japanese might seek to press their strategic advantages against Singapore and the East Indies and whether they might also undertake some action aainst Russia in Siberia.

London, July 24—While one authoritative British source held today that the prospective Japanese occupation of French Indo-China offered no military threat to Singapore, two other authoritative quarters, commenting on naval and political aspects of the move, indicated mounting concern.

This apparent confusion among official spokesmen evoked the widest interest among United States and dominion diplomatic circles since it has been repeatedly stated here that the British government is in close consultation with the United States and Australia.

Apportionment Muddle May Go to Congress

House and Senate agreed on only one thing—creation of the commission of 10 to make the study.

The commission would make its recommendations to the next session, possibly a special meeting to be called sometime between the November election and the end of the year.

SHIRTFROCK HAS NEW SHOULDERS

Pattern 4812
By Anne Adams

..This casual spectator frock just won't stay on the sidelines—it will steal the scene whenever you wear it! An Anne Adams creation, Pattern 4812 shows all the smartest new style notes. First, there are soft, this-season lines given by curved, extended shoulders that are very striking. Then there's a plunging V-neckline, deep-cut and feminine, that you'll nicely accent by a youthful, boyish collar. If you use saddle stitching all around the collar and down the easy, single-buttoned front bodice opening, consider having it in a vivid contrast, perhaps with the belt to match. The skirt is in simple four-section style, with a crisp flare. This soft-tailored frock is very quick and simple to make!

Pattern 4812 is available in misses' and women's sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 takes 3⅛ yards 39 inch fabric.

Tax Bill Headed for House

(From Page One)

new or higher excise levies on almost two-score commodities or services for the remaining $902,400,000.

About 300,000,000 of the individual income tax revenue was estimated to result from a provision of the measure requiring that husbands and wives with separate incomes make joint returns.

In boosting the corporation taxes, the committee concentrated chiefly on excess profits, hiking the rates which now range from 25 to 50 per cent to 35 to 60 per cent and revamping the method of computing such profits.

It also voted to impose surtaxes of five per cent on the first $25,000 of taxable income and six per cent on all over that figure.

Outstanding among the excise taxes on goods and services were a proposed $5 annual use tax on all passenger automobiles, airplanes and yachts less than 28 feet long; $25 annually on coin operated amusement and gambling devices such as slot and pin-ball machines; a seven per cent tax, double the present levy, on the sale of new automobiles; and 10 per cent retail sales taxes on toilet preparations, including cosmetics, jewelry and furs.

The tax on liquor was boosted $1 a gallon.

TWO MORE QUIT JAMES CABINET

Harrisburg, July 24—(AP)—The resignation of Roger W. Rowland, secretary of property and supplies, and Chairman P. Stephen Stahlnecker of the board of review for unemployment compensation raised to nine today the number of major changes in the governor's official family since he took office in 1939.

Capt. Rowland submitted his resignation to the governor yesterday, explaining he left his $10,000 cabinet post to devote his time to the New Castle Refractories, which he heads and which is busy with defense orders.

Stahlnecker, former secretary to Gifford Pinchot when governor, and member of the Public Service Commission until it was replaced by the Public Utility Commission in 1937, said he was quitting his $9,000 office to return to private business in Harrisburg.

Rowland, out-spoker, cigar-chewing purchaser of the state's tremendous supply stores, joined the cabinet in a temporary capacity in the first place, James explained.

The governor has two other places to fill as a result of recent deaths of Dr. John J. Show, secretary of health, and William S. Rial, chairman of the liquor control board.

tlemen. He can out-talk the gentlemen.

His managership of the property seizure bill for the Military Affairs Committee was no great victory or logic. One of the page boys might have pushed it through, for the original draft of the measure had been killed in committee, and a new and much less obnoxious version was presented to the Senate.

In managing a bill on the floor, victory often goes to the leader who can talk the loudest and longest. From his position, third seat from the center aisle in the back row of the Democratic side, Chandler could face everyone, including three-fourths of the gallery.

He let the debate get pretty far off the subject. Most of the time he was taking about allowing draftees to go home after their first year. He got into a terrible row with Senator Wheeler on that, and came off second best. Josh Lee of Oklahoma, in the chair, had to rule both Wheeler and Chandler out of order.

Anyway, Chandler's side got the bill through, and it is his first big victory as a bill manager on the floor of the Senate. Now he may go far as a party leader. And Pappy O'Daniel is coming from Texas to relieve him of the title of Senate jester.

The 48 states received almost 4.1 billion dollars in revenues in 1938, according to the Census, and spent 4.0 billion dollars in cost-payments for the general government. The excess of revenues over expenditures was due to collections for unemployment compensation which were deposited in reserve funds for future use.

SECOND PERIOD AT BOY SCOUT CAMP IS OPENED

There were 113 Scouts who entered Camp Olmsted on the Allegheny river yesterday as the second period of the Boy Scout summer camping season got under way. With tents to set up, beds to make, physical examinations, and special swim for determining ability the boys had a busy day which was topped off with the opening camp fire.

Their brother Scouts who preceded them the first period reported a week full of outdoor activities planned to prepare them for emergency service.

This week the Scouts came from seven different troops which have their homes in Russell, Warren, Ludlow and Youngsville. Each troop is encamped on a separate site, using equipment furnished by the local Scout council.

According to Camp Director Ted Powell, this season will be one of the most successful in recent years.

Home Coming Day held at Torpedo Saturday was very largely attended.

A picnic dinner was served out doors under the shade trees and a good program was given and many old timers were present.

The farmers have about finished their haying and report a good crop.

L. L. Dey of Torpedo, celebrated his birthday anniversary Thursday, July 17th at his home. Congratulations.

Demands for parachutes have increased to an extent that it was necessary to increase production from a weekly output of 50 to present production of 500 a week.
